#### A CLOSE CALL.

An automobile with a family party of North End residents, proceeding along the Hampton road at a thirty mile clip yesterday afternoon, failed to negotiate the abrupt turn on entering Groom's bridge at the Lakeside marsh, with the result that it wobbled on to the bridge, crashing through the railing into the slough. Nobody was hurt, wonderful to say.

### PREPARATIONS FOR THE TWO BIG DAYS

The members of the Trades and Labor Council are considering participation in the parade on August 14, Soldiers' Joy Day. They have more than 5,000 members, and it is felt that they could take an important part in the parade. They are to meet this evening in Longshoremen's Hall to discuss the question.

The electric workers are talking of putting in a float representative of their enterprises. The parade is open to semi-military fraternity bodies to enter, as well as to women's societies.

At 10 a.m. tomorrow the school children of the city will begin instructions under Miss Robinson, teacher of vocal music in the public schools, at a meeting in the High School. Parents are urged to send their little ones to this meeting.

### COOL IN DANGER; LIFE IS SAVED

#### L. Millidge, Elderly Man, Overboard in Kennebecasis

#### Knocked From Yacht by Boom in Pitch Dark Floats and Guides Rescuers by Call

A drowning accident was very narrowly averted on Saturday evening off Rothesay. Lewis Millidge and his daughter were returning from Rothesay to their summer home on Long Island in Mr. Millidge's sailing yacht. Coming under the lee of the Minister's Face, the wind suddenly dropped, causing the sail to flap backwards and forwards. The heavy boom struck Mr. Millidge knocking him, half stunned, into the water. It was a pitch black night and he was not missed from the yacht for several minutes, when his cries for help attracted attention. The night was cold so he was clad in heavy clothing, with sweater and oilskin coat, any attempt to swim would have quickly exhausted him. Mr. Millidge, who has had a very wide experience as a sailor, just lay back and floated on the surface in the meantime shouting so that his position could be located. His son, Cranston, who happened to be on the shore with a companion, jumped into a boat and after some little difficulty managed to get him on board, just as he was about to sink, dragged under by his heavy clothing. He was taken ashore and given first aid.

In spite of his advanced age, Mr. Millidge is exceptionally able, healthy man and on Sunday appeared to be none the worse for his immersion. He is to be congratulated on his very narrow escape. Considerable credit is to be attached to his rescuers, who showed great presence of mind and a commendable efficiency in handling the boat and promptly locating the unfortunate gentleman and getting him ashore.

### VEN ARCHDEACON RAYMOND IN HIS OLD PULPIT LAST EVENING

Occupying the pulpit of St. Mary's church, where he had so faithfully served for so many years, last night Ven. Archdeacon Raymond, preached an interesting sermon which was attentively followed by members of his old flock. It is a year since he had delivered a sermon and two years since he had spoken in St. Mary's. His sermon was retrospective and he congratulated the church upon its progress, which he said gave him keen gratification. He extended his best wishes for the continued success of St. Mary's and all connected with it. Rev. Dr. Raymond is living at Rothesay.

Next month he will officiate at the dedication of a brass lectern erected by the members of St. Mary's band to the memory of their late bandmaster, Charles Williams, who was killed in action. The lectern is a very beautiful piece of handwork and is inscribed: "In memory of Charles Williams, who made the supreme sacrifice in the great war, 1914-1919—faithful unto death."

### FOUR LIVES LOST WITH THE SCHOONER

#### The Herbert Black Which Sailed From St. John With Lumber

Four members, including the skipper and mate of the schooner Herbert Black of the Atlantic Maritime Company, Boston, which went down in a heavy blow off the southwest coast of England on June 28, were landed at Baltimore on last Friday by the American steamer Cumberland. The Cumberland took the men aboard after they had been picked up by the life-savers off Preston, near Liverpool.

Capt. John Glynn of the lost schooner said they had just completed their trip with a load of lumber and were lying at anchor when the blow hit them. After many hours of battling against high seas and a terrific gale, the entire deck cargo went over the side and she began taking water fast.

For more than twenty-four hours the men clinging to spars and other bits of debris were tossed about in the sea before they were picked up. Capt. Glynn, Mate Bligh, Charles Hatcher, the cook, and John Glynn, Jr., seamen, were able to stick to the same spar, while four other members of the crew were lost.

The schooner Herbert Black sailed from St. John with a cargo of lumber shipped by Dunfield & Co. Nagle & Wigmore were her local agents.

### POLICE COURT

In the police court this morning five men charged with drunkenness, were fined \$8 each or two months in jail.

John Porter was charged with being under the influence of liquor and also with assaulting his wife. He pleaded not guilty. Sergeant Journeay said that at 10:45 Sunday evening he saw this man drunk in Sheriff street, and he had received complaints previously from the defendant's wife, saying that he had struck her in the eye and mouth.

Mrs. Porter said that her husband gave her a mark on her eye last night, by striking her. The accused said Mrs. Porter was coming from the woodhouse and ran into his elbow. The defendant was remanded.

A man was charged with being under the influence of liquor at 3:40 this morning and also with not being able to give a satisfactory account of himself. He said that he became intoxicated on top beer, and he paid ten cents for it. He was remanded until this afternoon.

Roy Melsaac was charged with having liquor in his possession other than in his private dwelling. He pleaded guilty and said that an unknown person in the street gave it to him. He was remanded.

James Moore was charged with breaking a seal on entering a car in the railway yard. He was remanded.
