A Boy Automatically Heads This Way For His Suit

Not the slightest cloud in the mind of the mother who has bought a TURNER SUIT for her boy as to where she'll get the next suit. And when she asks the young man himself the decision is unanimously in favor of Turner. Possibly it is, because I like to lay claim to the suit.

MANY OF OUR BRAVE FELL IN WAR ON JUNE 2

Today is the Anniversary of the Third Battle of Ypres.

This is the anniversary of the third battle of Ypres, of sad memory for so many people in this city and province. It was on June 2, 1918, that the 6th Mounted Rifles were nearly wiped out in the terrific attack launched by the Germans upon the salient held by the Canadians. The enemy had brought up so many guns that the front line position held by the troops which included the men of the 6th C. M. R. became for the time untenable and the casualties were very heavy. The bombardment was perhaps the most terrific of the war up to that time, and the British forces lacked the artillery support, which made it necessary for the men to endure an unequal fight. The bodies of some who were killed that day were never found. They were reported missing and later, when there was no longer ground for hope, they were reported dead. June 2 will be a sad anniversary in many homes in New Brunswick for a generation to come.

NEW COURTENAY BAY PROJECT REPORTED

Four Piers at Head Capable of Handling Six Ships Spoken of at City Hall.

It was said at City Hall this morning that a new scheme of development at Courtenay Bay was under consideration. Councillor Bullock said that the scheme, which had been proposed by A. R. Dufrene, manager of the St. John Dry Dock Shipbuilding Company, was to erect four piers, capable of handling six ships, from the head of the bay extending out almost parallel with the breakwater. It was said that the scheme was receiving favorable consideration.

One of the most important reasons given for the proposal of having berths extending from head of the bay rather than projecting from the sides, as originally planned, was the provision of yard, particularly along the present line of C. N. R. branch along Courtenay Bay, would be difficult. Under the suggested arrangement it was proposed to build a retaining wall in the vicinity of the present line of Egbert street and reclaim a portion of the foreshore at that point, where it was thought ample trackage could be provided. The dredging has now progressed to a point about opposite the foot of Union street, and Mr. Bullock said it was planned to use the material taken from the head of the bay and use it in the reclaiming process. It is understood that the proposal has been submitted to the government.

POLICE COURT

Some Arrests in Brunswick Street House and One Escape.

In the police court this morning, James Dobson and Kate Dobson were charged with being the keepers of a disorderly house, William Lennox with being an inmate, and Charles Campbell, Florence Jordan and Margaret Thomas with being frequenters of the house. Police Constable Dyleman said he went to a house at 27 Brunswick street (not Brussels, as was reported) in company with Inspector Merryfield, last evening between seven and eight o'clock and as they were approaching saw Florence Jordan going out of one of the windows. The policeman said he arrested her, while Inspector Merryfield proceeded into the house. After they entered, he said, they saw the foot of a man as he was going out of another window, but his identity could not be ascertained. He said they picked up three "long necks" one partly full, and three empty "square faces." He said all the accused were more or less under the influence of liquor. Inspector Merryfield corroborated the evidence given by the policeman and added that Florence Jordan was before the court last fall on a liquor charge and was fined \$50. The accused all pleaded not guilty and the case was postponed until Saturday morning for other witnesses. A case against Jack Spellman and Kate Wilmont, charged with dooming together in the Asia Hotel and registering as Mr. and Mrs. Pratt, was dismissed. E. S. Ritchie appeared for the accused. A case against Frank Murphy, charged with theft, was postponed until Friday at noon. One prisoner who was before the court yesterday and pleaded not guilty to being drunk, was arraigned this morning and Police Constable Howard gave evidence. A fine of \$5 or two months for being out late was imposed. Three men charged with drunkenness pleaded guilty and were remanded.

WATER THE TREES UNTIL RAIN COMES

Newly planted trees about the city are lying far from want of rain. H. E. Gould asks that citizens having such trees in front of or near their houses water them until rain comes. This appeal will no doubt meet with a general response.

THE CAR QUESTION

There is a big shortage of American cars in this district according to officials of the C. P. R., and as a result the shipment of large quantities of freights to it in the United States is being held up. It is estimated that at least 400 cars would be required to handle the amount of freight at present offering. It is said that there are more than 15,000 C. P. R. box cars in the United States and there are only approximately 5,000 United States railway box cars in Canada.
