From the statement of Mr. Shurluck it seems, that, for some time past, an intimacy has existed between Mr. Clawges and Mrs. Shurlock. Mr. C. had first been introduced by Mr. Shurlock to the wife of the latter, and he took frequent occasions to-poison the mind of Mrs. Shurlock against her husband, by telling her stories of his infidelity to her and strving to undermine her virtue. Clawges, it is alleged, drugged wine in the house of Mrs. Shurlock, and then took advantage of her condition to accomplish his bad designs. Quite recently the lady told the setting on the following of last night was the result. It was further asserted that Clawges had borstory of her wrongs to her husband, and the tragedy of last night was the result. It is estimated that £4,000 more will finish the building.
