## Paying Cash Pays!

Running an Account is very convenient at times, we readily admit; but you must have observed that when you run an account, you are very apt to buy many a thing you would go without if you were paying cash - things no doubt you could easily dispense with to, without injury to yourself or family. And when those extra things come to be paid for - maybe you must then deprive yourself of other things that you actually need or at least go without them for a time, now "Paying" Cash" enables you if you want to, to save money. Its very easy to "Charge the Goods" Its not so easy to "Discharge the Debt." So for economy's sake "Pay Cash" And since we have adopted this Cash System we find it moving very satisfactory both to our custom-
