Found Empty Flask

He said that Inspector Henderson and another searched his place on the 5th of November and found an empty flask. After they went away a man came and found some empty bottles in the cellar and said he would put him in jail. Tony said he was frightened when he saw the liquor inspector's badge. The man wouldn't take \$30 but when given \$30 said he would say no more about it. He did not know who the man was. It was not Inspector Mahoney.

Concert Last Night

The concert held in the assembly room of the King Edward school last night for the purpose of defraying the balance of the purchase price of the new Martin Orme piano, which is being purchased, was successful beyond all expectations. The original cost of the piano was \$600, but a discount of \$15 had been allowed by the agent, Mr. Thompson, who made a further reduction of \$60 by way of contribution, bringing the actual cost down to \$445. This latter sum has been realized. The first was by subscriptions and the sale of tickets for last night's entertainment.

Boys' Club For The South End Assured

Representative Meeting Held Last Night—Y.M.C.A. Hut on Military Grounds Taken

The Boys' Club is practically assured for the South End, the building will be the Y. M. C. A. hut on the Military grounds which will be entered from Sheffield street.

Representative Meeting.

Following the meeting held in the King Edward School a week ago a meeting was held last night in the Germania street Institute, there being present representatives from the South End Improvement League, Playgrounds Association and the churches in the South End. Thomas Killey, vice-president of the South End league was chairman, and Albert Ellis secretary. The whole matter of the Boys' Club was discussed fully and it was decided to go ahead with the project. Committees appointed will wait on the business men in the South End in the interest of the club and on next Monday night a larger meeting will be held at which there will be representatives from all of the ten churches in the south end when the organization will be completed and plans made to raise the balance of the necessary funds and prepare for the opening of the club.

Excellent Quarters.

It is proposed to have the work of the club carried on by the South End Improvement League, which will have the co-operation of all the ten churches south of King street. A trained director will be secured and the building is well equipped for the work. There are two large rooms which can be used for classes, and it is felt that the club will prove a great benefit for the boys in the south end who are not now linked up with other organizations. It will be conducted along with the large outdoor skating rink at the foot of British street, and the prime motive of the project are greatly pleased with the bright prospects in view.
