

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., SATURDAY, MARCH 19, 1903.

OUR COUNTRY CORRESPONDENCE.

GAGETOWN. Gagetown, March 14.—Last week much interest was centered in the persons of Daniel and James Boyd, sons of Charles Boyd, of Upper Gagetown. Both were wanted on a charge of assault laid against them by Charles Cooper last fall, and also on other charges for assaulting and resisting Deputy Sheriff Belyea, while endeavoring to discharge his duty. They had been successfully evading the officers of the law until at this time when returning from some months work in the lumber woods. Mr. Belyea, learning of their return, proceeded to make the arrests, and he was able to affect the arrest at Fredericton, where Mr. Belyea went and brought him here. The boys employed Lawyer O. S. Crockett, of Fredericton, who came here to look after their side of the case. The cases were finally settled by the boys paying all costs.

DEER ISLAND. Deer Island, March 12.—Rev. Mr. Bonnell is holding special services in the F. B. church at Fair Haven. Mrs. Florence Wentworth and Eugene Johnson are seriously ill. Mrs. Geo. Wentworth spent Saturday with her daughter at Lambert's Cove. Mrs. Hanson, of Eastport, is visiting her friend, Miss Gladys Appleby. James Hurley and James E. Conley, of Leonardville, spent Sunday with friends at Indian Island. Rev. Mr. Lawson is to deliver a lecture to the Organizational Committee on the evening of March 18. Mrs. R. E. Cummings, who has been spending the winter in Eastport, has returned home. Workmen on the various parts of the island are busily engaged cutting the posts which will be utilized in the new cable communication with the main land. Mr. Greig, who is teaching at Beaver Harbor, spent Sunday with friends at Leonardville.

MONCTON. Moncton, N. B., March 15.—(Special)—The second anniversary of Rev. Dr. Macdonald's pastoral of St. John's Presbyterian church was celebrated by its congregation in the form of a social gathering in the church this evening. The celebration was of dual character, it also being the fourth anniversary of Mr. and Mrs. Macdonald's marriage. Expressions of good will were conveyed to Mr. and Mrs. Macdonald on behalf of the church by D. T. Welch, James Bayne, A. Donald, J. H. Marks, Rev. W. A. Ross and P. Hoppper, representing different branches of the church work. A tangible expression of good feeling towards Pastor Macdonald and wife was made in the form of presentation of a cabinet of silver and a valuable gold watch. The presentation was made by P. Hoppper, on behalf of the congregation and which Rev. Mr. Macdonald gratefully received.

BRISTOL. Bristol, March 15.—(Special)—Established by the Rev. Mr. Denver, Colorado. Mrs. E. Brooks, of P. St. John, was married on Friday at the residence of Rev. J. E. Brooks, Bristol. Rev. D. E. Brooks spent Sunday at P. St. John.

FREDERICTON. Fredericton, March 16.—(Special)—The Royal Gazette for this week says: A license has been granted to the Eagle Wine Fence Company, of Ontario, to do business in the province for one year from November 1st, 1903. Notice is given that application will be made for incorporation of the St. John Mercantile Company, Ltd., for purpose of carrying on a wholesale grocery and provision business at St. John, and to purchase the business of Samuel P. McCavoy, of William McCavoy, of St. John. The names of the applicants are Walter W. White, M. D., John E. Moore, William McCavoy, Samuel P. McCavoy and Alex. P. Barrhill, all of St. John. The capital stock to be \$80,000, divided into 800 shares. Application for incorporation also is asked by the Christie Wood Working Company, Ltd., for the purpose of carrying on a general wood working business at St. John. The capital stock is to be \$40,000, divided into 400 shares. The names of the applicants are James Christie, Charles D. Christie, William A. Christie, M. D., Mary A. Christie, Alexander Christie, all of St. John. The first three named to be provisional directors.

MONCTON. Moncton, N. B., March 15.—(Special)—The annual anniversary of Rev. Dr. Macdonald's pastoral of St. John's Presbyterian church was celebrated by its congregation in the form of a social gathering in the church this evening. The celebration was of dual character, it also being the fourth anniversary of Mr. and Mrs. Macdonald's marriage. Expressions of good will were conveyed to Mr. and Mrs. Macdonald on behalf of the church by D. T. Welch, James Bayne, A. Donald, J. H. Marks, Rev. W. A. Ross and P. Christie, Alexander Christie, all of St. John. The first three named to be provisional directors.

CHATHAM. Chatham, March 16.—G. J. Mersereau, M. A., delivered a very fine address on the Relation Between Science and Philology at the weekly meeting of the Miramichi Natural History Association last evening.

BATH. Bath, N. B., March 17.—(Special)—St. Patrick's day was celebrated well here. The most notable feature was a gathering this evening in the McCready hall, under auspices of the A. O. H. Between 300 and 400 people enjoyed the excellent programme provided. The evening's entertainment was a singing by a chorus, The Harp, Wm. Doherty, of St. John, on the Day We Celebrate, given in his best style and thoroughly enjoyed. A solo was sung by Mrs. J. Bohan, and she had responded to an evening.

ANAGANCE. Anagance, March 14.—Chesley Danfield and family will move to St. John at an early date. Howard MacLellan, now of Tracadie, is spending a few days in town. We had another snow storm today. It is many years since there was as much snow in Chatham at this season. On Water Street the road is three feet above the sidewalk.

HAMPTON. Hampton, N. B., March 17.—In the matter of the estate of John Donovan, farmer, of Sussex, deceased, letters of administration were granted to Jeremiah Donovan, a son. Ellen Donovan, a daughter, renounced her claim. Estate valued at \$1,100 personal property. H. H. Parise, executor.

TRURO. Truro, N. S., March 16.—(Special)—The will of the late Dr. David Holmes Murr, deceased, of an estate estimated at from \$75,000 to \$100,000 was probated today. The principal bequests are to the sons, John R. Murr, rancher, of the Canadian west, and David H. Murr, medical student at McGill University.

SUSSEX. Sussex, March 16.—About thirty friends of Dr. and Mrs. S. H. Langstroth gave them a genuine surprise last night. The whole number of 800 people were present, the chief guests being Mr. and Mrs. Langstroth's birthday. A most enjoyable evening was spent dancing and card playing being the principal amusements.

HOPWELL HILL. Hopewell Hill, March 15.—The ladies of the Methodist church held a tea last night in the I. O. G. T. hall, which was well attended and a fine success. During the evening games were played and a pleasant time spent. About \$14 were realized, which goes towards the church repair fund.

DOWNING BROS. Resume Business in Much Improved Premises. The fire which swept Downing Bros. temporarily out of business recently has had the effect of providing them with much improved premises. They are now installed again at the old stand near the head of King Street, but it is the new premises which have attracted the attention of the business community. The new building is a two-story structure, with a large room for the display of their goods, and the rear to the wash goods. A new tile floor has been laid. Up stairs, several small rooms have been thrown into one and this show room where mantles, coats, shirts, waists and such are shown is a particularly inviting place for the ladies. Here, also, below, the painting is white, but relieved by green bordering of pretty shade. Of this large room is the office and beyond are waiting rooms, manly room, fitting room, etc. All are well furnished and they have done so in the arrangement.

WHY NOT SHOOT 'EM. To the Editor of The Telegraph:—Sir,—I see in The Telegraph of March 16 that Mr. St. John, of St. Mary, says the Malley bridge is in danger from rats or squirrels, and that he is going to notify Mr. LaBrosse, commissioner of public works. I would make the suggestion that if Mr. St. John would give some small boy what it would cost him in powder and shot, he would soon get rid of the pests.

JUDGE OF THE SUPREME COURT

Was Alarmingly Afflicted With La Grippe. Cured by Pe-ru-na.

HON. W. H. PARSONS
W. H. Parsons is Ex-State Senator and Ex-Speaker of the Supreme Court of Texas, also Brigadier-General of the United States Army. In a recent letter from 225 H Street, N. W., Washington, D. C., this prominent gentleman says: "Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna... I have been induced to undergo a treatment with this justly celebrated formula. I feel a decided change for the better after using it only one week. It is especially good in toning up the stomach and has had a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration."

reaches the source of all diseases... Every person who has had la grippe during the last year should take a course of Peruna. No one need expect perfect recovery unless they do so. The grippe has produced catarrhal inflammation of the whole mucous membrane, and good health is impossible until these are restored to a normal condition. This Peruna will do. A great many remedies have been suggested for this condition from time to time, but Peruna appears to be the only remedy that has any substantial value in these cases. It has never failed to give satisfaction during thirty years' experience and still occupies the unique position of being the leading (if not the only) specific remedy for the after-effects of la grippe. Henry Distin, the inventor and maker of all the band instruments for the Henry Distin Manufacturing Co., writes the following from 1445 South Ninth Street, Philadelphia, Pa.: "I had a bad attack of la grippe last December which lasted more than three months, and which left me with catarrhs, and several of my friends advised me to try Peruna. I began with a bottle the first week in March and it certainly did me a great deal of good. I was so well satisfied that I purchased another bottle and followed the directions, and can say that it has cured me."—Henry Distin. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters testifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

Par-kin's News. Parkville, Mo., N. B., March 14.—Mrs. Truro Stevie has been very ill with congestion of the lungs; also their son Harry, with inflammation. Doctor McNeil has been in attendance, and glad to know they are some better. An entertainment was given at the home of A. G. Parkin last Saturday evening, consisting of singing, recitations and plays. A large number were present, and enjoyed by all. At the close coffee and cake were served and the sum of \$15.00 was realized, which will go towards the new organ, recently purchased for the hall. Mrs. Mary E. Steves arrived home a week ago from Augusta (Me.), on account of her mother's serious illness. Wedding invitations arrived in this place last night for the marriage of Walter Parkin and Miss Jennie E. Steves, of Shemogue, to take place on Wednesday, the 19th inst. Mrs. Elizabeth and daughter Stella, of Petticoat, are visiting friends in this place. A. L. Wright & Co. are moving up on the river, making preparations for a steam driving. La grippe is very prevalent, many suffering from its effects around here. A. G. Parkin and his doctor were called in to-day, and his doctor was called in to-day. The school, which is in charge of Miss Ethel Goodall, is only small, as too many children are sick at present. The new piece of road which was made by the government last fall in this place was well tested by the finest lady, and it was not necessary for people to come and have a squint for the last time, as was feared by the Times before it was raised away, as they all have a chance to still see it, unharmed. Amherst Happenings. Amherst, N. S., March 17.—Ernest C. Pyles, of Kitter & Pugsley, who has been attending a meeting of the supreme court of the Canadian Home Circle at Toronto, has returned. James A. Simpson and J. Busford Oxford are attending the session of the Canadian County Lodge, I. O. G. T., Oxford Junction. A meeting of the creditors of L. H. Bette & Co. was held at A. H. Eves's office Tuesday. The statement shows assets, \$7,000, with liabilities \$14,000. It was decided to sell the stock, book accounts and interest in real estate at auction on the 22nd inst. Rev. W. B. Bates is spending a couple of weeks in the United States visiting. St. George Means Business. The St. George business men are thoroughly in earnest about securing steamboat connection with the town. On Tuesday a committee from St. George, composed of Capt. Charles Johnston, Nicholas O'Neil, representing the mercantile and manufacturing interests of the place, visited St. Andrews and made an examination of the railway wharves with a view to securing landing privileges.—Beacon. Tracy Happenings. Tracy, New Brunswick, March 17.—We are enjoying something like spring weather here. The snow storm of yesterday seems like a last attempt of winter to remain. Rev. J. B. Daggett, of Fredericton Junction, conducted the monthly conference meeting on Tuesday evening at St. John's, the 12th inst. He also held service here on Sunday, at 3 p. m. The lumbermen here have a number of cross logs on the bank of the Oro-moctio, below the bridge, to be drawn in the spring. There is also a considerable quantity of logs to be sent by rail. Montreal Tracy is visiting his home for a few days. There is a strong feeling among Tracy in favor of a centralized school for it and the adjoining districts. The accommodations of the present school are not sufficient for the number of scholars, and a new building will be necessary before many years. The conditions at Fredericton Junction are about the same as here. With government help a good school could be built for these places and a better education given at a smaller cost to the ratepayers. Ex-Governor Melanes. Vancouver, B. C., March 16.—Ex-Lieutenant Governor Thomas R. Melanes died at 10 o'clock last night. The horse, when grazing, is guided entirely by the nostrils in the choice of proper food, and blind horses are never known to make mistakes in their diet.

Buy STEELE, BRIGGS' Vegetable Seeds THE KIND THAT GROW!

CUCUMBER IMPROVED LONG GREEN.

STEELE, BRIGGS' QUALITY SEEDS

When Medicine Fails, Try Ligozone—We'll Pay for it

Medicine must fail in a germ trouble, because medicine never kills inside germs. Any germ-killing drug is a poison to you, and it cannot be taken internally. Ligozone is the only way known to kill germs in the body without killing the tissues, too. It does in a germ trouble what no drugs, no skill in the world, can accomplish without it. To prove this you need it—we will give it away for bottle and give it to you.

Acts Like Oxygen

Ligozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, formed in large part from the best oxygen producers. A process requiring immense apparatus and 14 days' time, these gases are made up of the liquid product.

The result is a product that does your oxygen doses. Oxygen gas, as you know, is the very source of vitality. Ligozone is a vitalizer with which no other known product can compare. But germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetal matter. Yet this wonderful product which no germ can resist, is to the human body, the most essential element of life.

St. John, March 17.

50c. Bottle Free

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever. Ligozone costs 50c. and 80c.

GERM DISEASES

They are the known germ diseases. All that medicine can do for these forms, and such results are indirect and uncertain. Ligozone kills the germs wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Hay Fever—Influenza
Kidney Diseases
La Grippe
Leucorrhea
Liver Trouble
Malaria—Neuralgia
Measles—Neuritis
Pneumonia
