TOR PURIFYING THE BLOOD, nothing the has ever been offered which can compare with this Expract of Sasarashilla. It is found a great promoter of health, when taken in the spring, to expel the humors that rankle in the system at this season of the year. Many obsulaints have their erigin in the spring, and in the causes above mentioned, for which no better remedy has ever been devised. By its use multitudes can spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system etries to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursing through the skin in pimples, exiptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and itve longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Prepared by DR: J. C. AYER & CO.
