**FARM FOR SALE**  
Shields' Siding, Ont.

This farm is situated on the Kingscourt Branch of the G.T.R.; 7 miles from Glencoe, and 5 miles from Alvinston. It is a No. 1 clay loam soil. The buildings and fences need some repairing. I will tell you of some of the conveniences. This farm has never been tested for oil and it is only a short distance from good paying wells. There is no doubt some day someone will reap a fortune. If I had the means to go ahead I would not sell. There is a siding and station, and scales and pens for shipping cattle, hogs, sugar beets, hay, grain, wood, or anything you have to sell. There is a site for a tile and brick yard on this farm. I had a man here who knows good clay for brick and tile and he said it was the very best and lots of it. There are 10 acres of scattered timber. I have not a very big stock—1 team of horses, 6 or 7 head of cattle, 80 chickens, and 1 sow in pig. All my machinery is good as new. All this can be purchased at a lump sum. My reason for selling is that I am alone. My wife died a year ago and I have no help and am too old to live alone. Call at the farm for further information.—George F. Anderson, Shields' Siding, Ont.; Route No. 1, Newbury.

## New Superior Chevrolet

Compare Chevrolet with any other car manufactured. Compare it from every possible angle. Let the comparison be searching—exhaustive. What do you find?

**Price**—Chevrolet is the world's lowest-priced, fully-equipped, quality car.

**Upkeep**—The cost of operating Chevrolet is lower than that of any other car built.

**Performance**—Chevrolet is sturdily built to do anything and go anywhere possible with any car, and it will go where many others cannot. The valve-in-head motor is powerful, flexible and quick in the "pick-up."

**Appearance**—Chevrolet is designed with beautiful streamline bodies. The finish is of the highest grade and extremely durable. Chevrolet closed cars have Fisher bodies—he highest quality body procurable and one with quality written in every line.

**Value**—Chevrolet gives you the best transportation per dollar invested that you can buy. Economy in first price and the lowest operating cost provide a value that stands first in comparison with any other car.

Make a personal comparison of these Chevrolet features before you buy any car. It will give you a new measure by which to judge motor cars.

## Get the Most for Your Work and Money

I know you've a big investment tied up in your fields of corn and your beef and dairy cattle. I want to see you get full returns for this money.

That's why I recommend one of my "Toronto" Wooden Silos. It's built to retain all the tasty food value of the corn—and cattle fed on this kind of silage will give more milk and make better beef.

"Toronto" Silos are durably built of selected spruce, double tongued and grooved to exclude the air, treated with creosote to lengthen their life. The Silo is thus protected against dry or wet weather, freezing, thawing or any action of the silage. The special Hip Roof, too, gives 15% extra capacity.

Get full value for your investment. Let's talk it over or get some of my free literature.

Recent reports received at the head office of the Canadian Manufacturers' Association from points in the Prairie Provinces would seem to indicate that the movement of people towards the United States, which is reported to have reached considerable proportions early in the year, has practically ceased, and many of those who were lured south by prospects of high wages are returning to engage in the usual spring operations. In some cases it was evidently a case of far-away hills looking green, actual experience not being so satisfactory as was anticipated. In spite of the depression through which the country has passed, basic conditions are sound, and Western Canada is bound to share in the more prosperous days which it is hoped, lie ahead of the Dominion.

### FOUND DEAD ON RAILWAY

Miss Riggs, Aged Glencoe Lady, Apparently Struck by Train

Miss Elizabeth Riggs, a resident of Glencoe for upwards of fifty years, was found dead on the Wabash railway about a mile east of town by the crew of a freight engine and caboose westbound at 8 o'clock Thursday morning. Apparently while on her way to visit at the home of friends in the country she became partially exhausted and dazed, and leaving the highway and wandering upon the track during the night, had been struck by an early morning train.

Dr. Freese, county coroner, was notified and had the remains brought to Glencoe by J. B. Gough & Son, undertakers. A coroner's jury was summoned for an inquest, which, after the usual preliminaries, was adjourned until Saturday afternoon and again until Monday. Meantime the remains were taken to the undertakers rooms of Charles Dean, who prepared them for burial and conducted the funeral.

Miss Riggs, who was about 85 years of age, lived alone in her home on Symes street. She came to Glencoe from Madoc township upwards of fifty years ago and opened a millinery and fancy goods store which she carried on continuously up to within the last two or three years. A coincidence in connection with her death is that a few years ago two of the nieces named McIntosh who had come to stay at her place and attend the public school were struck and killed by an express train at the street crossing here while on their way to school after the noon hour.

The funeral of Miss Riggs was held on Saturday afternoon at Oakland cemetery and was largely attended. Service was held in the Methodist church, of which deceased had been a member for many years. "Remember now thy Creator in the days of thy youth" was the text of an impressive address by the pastor, Rev. A. S. Whitehall, and the choir led in singing some of the favorite hymns of the deceased, and also sang "Father, I Come to Thee," a hymn presented to them a short time ago by the deceased. The bearers were J. A. McLachlan, Don Loye, Benjamin Towers, Bert Clarke, Alfred Squire and George Precious.

Among those who attended the funeral from outside points were Mrs. Wellington Hay, of Listowel; wife of the Ontario Liberal leader, a niece; Miss Clemmie, of Listowel; Miss Montgomery, of Chatham, and Miss Brodie, of Blenheim.

### WARNS OF BAD ROADS

The London Motor Club issues a warning to motorists to the effect that between Cumberland and Thamesford on the Governor's road, and also between Lambeth and Delaware on the Longwoods road, the road is in a very bad condition. There is no convenient way of getting around these two places, and for the time being the club reports them as impassable.

Glencoe people who motored to London on Monday got through with the greatest difficulty. They report two trucks fast in bog holes and a large touring car buried to the hubs and abandoned about half-way between Delaware and Lambeth. The return trip was made by the river road north, which was fairly good. West of Delaware the road is in the pink of condition.

### LATE DUNCAN McNAUGHTON

The funeral of the late Duncan McNaughton, whose death occurred on Saturday, April 14, was held from his late residence, lot 12, concession 5, Mosa, on Monday, April 16th, to the Kilmartin cemetery. Six of his sons acted as pallbearers.

Mr. McNaughton was one of the old pioneers of Mosa township and was well known and highly esteemed in the community. He was born at Knapdale, Argyshire, Scotland, in 1845 and came to Canada when four years of age. He was a life-long member of the Presbyterian church and elder in Knox church, Newbury, and for a number of years was superintendent of the Sunday School in school section No. 7, Mosa. In politics he identified himself with the Liberal party. He leaves five sons—John and Malcolm, of Metcalfe; Colin and Dan, of Mosa, and Hugh, of Newbury; also a stepson, Robert J. Gray, of Shetland.

### FAREWELL GATHERING

On Tuesday evening, April 17th, a farewell party was held at the home of Mr. and Mrs. David Currie in honor of Mr. and Mrs. Wm. Bain, who are leaving Mosa. About thirty neighbors and friends gathered to bid farewell and spend a pleasant evening with them.

An address was read by Miss Brown, expressing regret at parting with such good neighbors who during their three years' stay had made so many loyal and true friends by their ever ready and cheerful helpfulness, and wishing them every success and happiness in their future life. A beautiful leather chair was presented by Fred Stinson on behalf of the neighbors and friends. Mr. Bain, although completely taken by surprise, made an apt reply, thanking the people for their kindness and assuring them that his stay among them had been pleasant.

At the close of the evening a dainty lunch was served by the ladies.

### LIBERALS ORGANIZE

A meeting of the Liberals of West Middlesex was held at Mount Brydges on Tuesday for organizing and to prepare for the coming provincial elections. Chas. M. Macle, of Appin, was elected president; Mrs. W. W. Stuart vice-president; Dr. J. D. Bice 2nd vice-president and W. D. Moss secretary. It was decided to hold a convention on May 28 to select a candidate for the Legislature.

### POLICE COURT NOTES

Joseph Winger, of the township of Mosa, appeared before Police Magistrate Morrison on complaint of Geo. H. Boucher, Game and Fisheries Overseer, charged with a violation of section 3 of the special fisheries regulations of the Game and Fisheries Act, the offence consisting of operating a roll net without having a license therefor, and such fishing line shall not be provided with more than three hooks.

As, like many others, he was ignorant of the law, it might be quoted for the benefit of the public. Section 3 referred to reads as follows:—No one shall fish by means other than by angling or trolling, excepting under license or permit from a duly authorized officer, of the Department of Game and Fisheries within the Province of Ontario, but this shall not apply to taking coarse fish by residents during the months of April and May, between sunrise and sunset, by means of dip net and spear, provided that fish so taken shall not be for sale or barter.

The interpretation of angling follows:—Any angling shall mean the taking of fish with hook and line and in the hand but shall not include set lines or lines tied to a boat. In angling no one shall use more than one fishing line, and such fishing line shall not be provided with more than three hooks.

It will be seen from the foregoing that the old custom of having four or five lines, which was a half-century ago, is now illegal. No one may operate more than one line and no line with more than three hooks. As the fishing season is now on it would be well to know the regulations, or the overseer might catch you.

The three youths, C. Sinkiwich, John Haliks and John Watson, charged with breaking and entering the residence of Thomas Thorne, and who were remanded to appear for a hearing before Mr. Morrison last Friday, did not appear owing to the crown attorney not being able to be present to prosecute. Mr. Morrison, taking into consideration the transportation expenses, etc., thereupon made arrangements with Police Magistrate Graydon who is a police magistrate for the whole of the county of Middlesex, to make a further remand and to hear the case himself. Mr. Graydon remanded them till next Friday for a hearing.

### SHORT ARMENIAN RELIEF

A short time ago there was organized in Glencoe a branch of the Armenian Relief Association of Canada, with A. B. McDonald as president. This association has purchased a farm near Georgetown and planning to bring out in the near future one hundred healthy Armenian boys of about 12 years of age. On the farm they will be taught agriculture and at the age of 18 will be ready to assist the farmers of Canada. For this plan funds are necessary, and the Glencoe organization is planning to appeal to the people through the churches and schools of the village and surrounding district. Next Sunday the ministers of Glencoe will preach in aid of the work. Those who wish to help along the plan may pay their subscriptions to R. M. McPherson, treasurer of the local organization.

### TENNIS CLUB MEETS

An enthusiastic meeting of the tennis club was held in the town hall on Tuesday evening. Officers were elected as follows:—President, H. I. Johnston; secretary-treasurer, Lorna Luckham; convener of committees—grounds, Chester Bechill; games, R. M. McPherson; social, Jean McLachlan. A list of committees, as well as a list of rules, will be posted at the tennis grounds, south Main street, shortly. The hearty co-operation of all those interested in tennis is asked for the coming season. The fee was fixed at \$1.50.

Association, attended the district meeting held in West Lorne on Saturday, when it was decided to have baseball meets for the boys and soft ball games for the girls; also a track meet in Alvinston in September, and other places. There was a large attendance from Glencoe, West Lorne, Alvinston, Rodney and Wardsville high schools. The following officers for the year were appointed:—President, E. C. Reid, Rodney; vice-president, K. Macchren, Alvinston; secretary-treasurer, C. G. Yorke, Glencoe.
