A DOWN TOWN MERCHANT, Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home, and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy.

That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night a hand stepped well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practised upon her, has continued to use the Syrup and suffering, crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. 25 cents a bottle. Sold by all Druggists.

Be sure and call for "MRS. WINSLOW'S SOOTHING SYRUP." All others are base and dangerous imitations. December, 1867. 2m

FOR THROAT DISORDERS AND COUGHS. Brown's BRONCHIAL TROCHES are offered with the fullest confidence in their efficacy. They have been thoroughly tested, and maintain the good reputation they have justly acquired.

These Trochies are prepared from a highly esteemed recipe for alleviating Bronchial Affections, Asthma, Hoarseness, Coughs, Colds, and Irritation or Soreness of the Throat.

PUBLIC SPEAKERS AND VOCALISTS will find them beneficial in clearing the voice before speaking or singing, and relieving the throat after any unusual exertion of the vocal organs, having a peculiar adaptation to affections which disturb the organs of speech. Sold at 25 cents per box, by all dealers in medicine. December, 1867. 2m

A PUBLIC BENEFIT.—Nothing can be of more importance to the welfare of our community, than the health of our children; on this depends the future of our national greatness, and, in a large measure, the enjoyment of our own lives. We therefore claim, that in Devins' Vegetable Worm Pastilles, we have a great public benefit, a remedy so safe, so reliable, and so agreeable, which gives health and strength to the weak and sickly child, brightness to the eye, bloom to the complexion, and plumpness to the form. But parents should be careful to procure the genuine Paste on each one of which is stamped the word "Devins," all others are useless.

THE KING OF BAVARIA, kindly permitted Doctor J. C. Ayer to have a copy taken of Rauch's celebrated colossal statue of Victory, which belongs to the Bavarian crown and stands at the entrance of the Royal Palace at Munich. The Doctor had it cast in bronze, and has presented it to the City of Lowell, where it stands in the Park and symbolizes the triumphs of both freedom and medicine. Her manufactures are the pride of Lowell, and foremost among them Ayer's medicines make her name gratefully remembered by the unnumbered multitude who are cured by them of afflicting and often dangerous diseases.—[Boston Journal. A CARD FROM THE AMERICAN WATCH COMPANY OF WALTHAM, MASS.

THIS Company beg leave to inform the citizens of the new dominion of Canada that they have made arrangements to introduce their celebrated Watches to their notice. They are prepared to prove that their watches are made upon a better system than others in the world. They commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one half of all the watches sold in the United States up to the present time, it has been impossible for them to do more than supply the constantly increasing home demand; but recent additions to their works have enabled them to turn their attention to other markets.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand. In them, all those mysterious and infinitesimal organs which put together create the watch, are the result of slow and toilsome manual processes, and the result is of necessity a lack of uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative vary. But it is a fact that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Accres, Lepins and so-called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, by the rough separate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant. He stamps and engraves them with any name or brand that may be ordered—whether London, Paris, Geneva or what not; and many a man who thinks he has a genuine "M. I. Tobias, of Liverpool" (whose only fault is, that he can never regulate it to keep very good time), is really carrying a cheap and poor Swiss imitation.

HOW AMERICAN WATCHES ARE MADE. The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All their operations, from the reception of the raw materials—the brass, the steel, the silver, the gold and the precious stones, to the completion of the Watch, are carried on under one roof, and under one skillful and competent director. But the great distinguishing feature of their Watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by machines—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it. If any part of any American Waltham Watch should be lost or injured, the owner has only to address the Company, stating the number of his watch and the part wanted, whether it be spring, pinion, jewel, or what not, and by return mail he would receive the desired article, which any watchmaker would adjust to his position.

The Company respectfully submit their watches on their merits only. They have fully succeeded in overcoming popular prejudice in the States in favor of European watches, and solicit a thorough examination and fair trial for their manufactures elsewhere. They claim to make

A BETTER ARTICLE FOR THE MONEY by their improved mechanical processes than can be made under the old-fashioned handicraft system.— They manufacture watches of every grade, from a good, low priced, and especially adapted to the wants of the farmer and lumberman, to the finest chronometer for the navigator; and also ladies' watches in plain gold or the finest enamelled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them ARE FULLY WARRANTED by a special certificate given to the purchaser of every watch by the seller, and this warranty is good at all times against the Company or its agents.

Ayer's Cathartic Pills, For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild, yet efficient, purgative Pill. The obvious reason is, that it is more reliable and far more effectual remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends, and that it never fails through any fault or neglect of its composition. As a rule, it can show thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Advised to all ages and both sexes, it contains nothing either violent or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable, no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:— For Dyspepsia or Indigestion, Headaches, Stomachic and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Colic, and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrhoea, but one mild dose is sufficient.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a diuretic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot commend here, but they suggest themselves to everybody, and where the virtues of this Pill are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the nations of the world, it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a preventive, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the use of this Cherry Pectoral. So complete is its mastery over the disorder of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection in it. Asthma is always relieved and often wholly cured by it. Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses. It is generally as its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

CHOLERA. A CERTAIN CURE FOR THIS DISEASE MAY BE FOUND IN THE USE OF DAVIS' PAIN KILLER. VEGETABLE PAIN KILLER. MANHATTAN, Kansas, April 17, 1866.

Gentlemen— I want to say a little more about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have traveled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849, and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results.

Yours truly, A. HUNTING, M.D.

I regret to say to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effective in checking the disease.

REV. CHARLES HARDING, Shalapore, India.

This certifies that I have used Perry Davis' Vegetable Pain Killer, with great success, in cases of cholera infantum common bowel complaint, bronchitis, coughs, colds, &c., and would cheerfully recommend it as a valuable family medicine.

REV. JAS. C. BOOMER.

Messrs. Perry Davis & Son:—Dear Sirs—Having witnessed the beneficial effects of your Pain Killer in several cases of Dysentery and Cholera Morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar diseases, as a safe and effectual remedy.

REV. EDWARD K. FULLER.

Those using the Pain Killer should strictly observe the following directions:— At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels, with the Pain Killer clear.

Should the diarrhoea and cramps continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked, and the patient relieved in the course of a few hours.

N.B.—Be sure and get the genuine article; and it is recommended by those who have used the Pain Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls, instead of one.

The Pain Killer is sold every where by all Druggists and Country Store-keepers. PRICE, 15 cts., 25 cts. and 50 cts. per bottle. Orders should be addressed to PERRY DAVIS & SON, Manufacturers and Proprietors, MONTREAL O. E.
