HON. W. A. CHARLTON.

President of the Canadian Forestry Association, who presided at the Winnipeg Convention, and opened the Winnipeg Industrial Exhibition.

HONORED IN WINNIPEG.

At noon on Monday, the opening day of the recent Convention, the Winnipeg Canadian Club entertained Mr. R. H. Campbell and Mr. James White, each of whom delivered a short address on the resources of Manitoba. Mr. White gave an outline of the geological formations and the water powers, and prognosticated a marvellous increase in the productivity of the province through the development of the latter. Mr. Campbell touched on the forest wealth, and predicted with firm conviction that if Manitoba would take reasonable care with her forests, there could be a revenue as great as that of the agricultural products, derived from the wood material.

On Tuesday afternoon, July 8th, the Hon. W. A. Charlton performed the ceremony of opening the Winnipeg Industrial Exhibition, one of the great annual features of the city. Mr. Charlton delivered a short address on the subject of Winnipeg's growth and the general development of the West.
