

-2-

A long and useful career -

distinguished student at Queens;

gold medalist;

Captain soccer and lacrosse teams;

President, Alma Mater Society;

a well rounded career as a student, which can be said of

his career as a whole - retained the student's mind

throughout;

in common with many students of his and present day, secured

his education largely as result of his own efforts to

"work his way through";

by profession a dentist -

although a man of modest means, never entered a bill with

any patient in poor circumstances;

throughout his long life, was always "the poor man's friend";

long association with Pembroke -

took up work and residence there exactly half-century ago (1887);

in a sense grew up with the Ottawa Valley, which in past fifty

years has developed into one of Canada's great and happy

communities;

continuously associated with its life ever since -

as member of School Board (5 years)

" " " Council (3 years)

as Mayor, 1934;
