

exhibits every year specimens of packed fruit of every kind grown within the province, as well as vegetables, at the principal fairs all over the Dominion, buying their exhibits direct from the growers. It also sends fruit almost every year to Britain, exhibiting at the Royal Horticultural Society's shows and in the principal towns of the country ; and is also represented at almost every other important fruit exhibition throughout the world, from New York to Australia.

SUPERVISION OF INDUSTRY.—Spraying is enforced through the periodical visits of orchard inspectors. Proper packing is enforced by another body of inspectors, who see that the fruit is properly graded, is quite sound and free from defects, is properly packed, and that the contents of the boxes correspond accurately to the descriptions on the outside.

BULLETINS.—From time to time the Provincial Department of Agriculture issues very valuable bulletins on Insect Pests, Varieties to Plant, Poultry, Bee-keeping and other subjects useful to the rancher. During the fruit season the Dominion Department of Agriculture issues every month a brief summary and report of fruit prospects in every fruit-growing district throughout the country, the information being gathered from numerous representative growers in each district.
