

MADE IN CANADA

Here is a chance to get a silo free

Ideal Green Feed Silo PRIZE COMPETITION

Open to every Canadian Farm Owner. It costs nothing to enter.

The competition is open to any Canadian farm owner or to any member of his family living on the farm with him.

It isn't necessary to spend a cent to enter this contest. There are no entrance fees. The prize will be awarded to the one who gives the **most and best reasons why there should be a silo on every farm.**

The "reasons" should be written plainly in pen and ink, or typewriter, on one side of the paper only, and sent to our Peterboro address, as given below.

The prize will be one of our 10x20 Ideal Green Feed Silos, complete, with roof, having a silage capacity sufficient for seven or eight cows.

If the winner of the prize prefers a silo of larger size, he will be given credit for the list price of a 10x20 silo toward the payment of a larger size silo.

Should the winner of the prize purchase an Ideal Green Feed Silo before June 1st, 1915, the date this contest closes, credit will be given him for the list price of prize silo toward payment on whatever size silo he may have ordered.

The contest will close June 1st, 1915, and no entries will be considered after that date.

Our new silo book, containing a great deal of silo and silage information, will gladly be mailed upon request.

DE LAVAL DAIRY SUPPLY CO., Limited
115 Park Street, Peterboro, Ont.

Give Your Crops a Good Start

PROVIDED you select good seed and plant it in a good seedbed, you can be reasonably sure of good crops.

A Peter Hamilton Cultivator will properly work your soil into a perfect seedbed. It is designed to go over every inch of the ground and till to an even depth. There are several groups of teeth attached to separate frames. Sections are of heavy extra-strength steel. Teeth are amply reinforced and will not go out of action under hard usage. The whole implement is light draft—no neck-weight falls on the horses. There are other good features that, when seen, will decide you in favor of a

Papec Pneumatic Ensilage Cutters

"The Wonderful Papec"
Papec's pneumatic ensilage cutters are the most powerful and efficient ever made. They cut and chop the crop into small pieces, and blow it into a wagon or silo. They are simple to operate and require no special skill. They are the only cutters that will handle any crop, and they will cut and chop it into any size of pieces desired. They are the only cutters that will handle any crop, and they will cut and chop it into any size of pieces desired. They are the only cutters that will handle any crop, and they will cut and chop it into any size of pieces desired.
