

Write it on the film--at the time

Make every negative more valuable by permanently recording, at the time of exposure, the all important date and title. It's a simple and an almost instantaneous process with an

Autographic Kodak

Whatever is worth while in hand camera photography is found in the Kodak. So simple that the amateur can make good pictures from the very start, using dependable, non-breakable Kodak films with which the camera loads in daylight. The cameras themselves are accurate and reliable in every detail, the lenses are of the highest grade, and the shutters work with a precision that is a mechanical delight. Kodak films may be developed without a dark-room or may be mailed to your finisher—the Kodak printing processes are simple in the extreme. Indeed Kodak has come to mean "photography with the bother left out," and it's less expensive than you think.

The latest Kodak feature is the Autographic idea. A little door in the back is opened and you write on the red paper of the Autographic Kodak cartridge any data that you like—the date or the title of the picture, or perhaps you photograph a friend and then he writes his name on the red paper. Or you can write down the details about the exposure, for future guidance—the condition of light, the shutter speed and the stop opening used. In photographing the children you write down their age at the time the picture was made. In using the Kodak in a business way, there are always details of the utmost importance that can be jotted down which will add to the future value of the photographic record. When the date or title or whatever it may be that is written on the red paper, is exposed for a second or so to the sky the door is closed again, and upon development such writing is found to be permanently imprinted on the film—occupying the intersecting space between negatives.

Whether photography interests you from the business side, or for the home and travel pictures or from the standpoint of the pure pleasure of picture-taking—the camera becomes doubly useful, doubly fascinating if it has the Autographic feature. There's no extra charge for Autographic film, and Autographic Kodaks are sold from \$7.00 up.

Ask your dealer or write us for "Kodak on the Farm," a beautifully illustrated booklet that you will enjoy. There is no charge.

Gossip.

Garvin Barbour & Son, Crosshill, Ont., write that through their advertisement in "The Farmer's Advocate" they have sold three Yorkshire sows, the buyers of which have expressed themselves as well pleased with their purchases. More just as good are offered.

As announced in these columns some time ago the Huron & Erie Loan and Savings Co., London, provided the sum of \$500 for an agricultural field crop competition in the County of Middlesex, Ont., this season. The number of entries received has proved very gratifying, and indicates a keen interest in growing the best possible crops. Every township in the county is well represented by well-known and successful farmers. The entries are distributed as follows:—Wheat 135, oats 105, corn 83, potatoes, 58, and mangels 50, a total of 431. It is desired that the judging of wheat and oats will be completed early in July. The competition is bound to attract wide-spread interest, and will prove a helpful stimulus to field crop culture.

A "cub" reporter on a New York newspaper was sent to Paterson to write the story of the murder of a rich manufacturer by thieves. He spread himself on the details and naively concluded his account with this sentence:

"Fortunately for the deceased, he had deposited all of his money in the bank the day before, so he lost practically nothing but his life."

"Your legal department must be very expensive."

"It is," sighed the eminent trust magnate.

"Still, I suppose you have to maintain it?"

"Well, I don't know. Sometimes I think it would be cheaper to obey the law."

A man descended from an excursion train and was wearily making his way to the street-car, followed by his wife and fourteen children, when a policeman touched him on the shoulder and said:

"Come along wid me."
"What for?"
"Blamed if I know; but when ye're locked up I'll go back and find out why that crowd was followin ye."

SAVE-THE-HORSE

\$575 Profit Made With One Bottle Save-The-Horse
J. Edward Block, M.D., Physician and Surgeon, Campbellsport, Wis., Jan. 11, 1915, writes: "Please mail latest book. Your Save-The-Horse is superior to anything I have ever used. I bought for breeding, a beautiful black Victor mare for \$375. I got her at that price because one hind leg was enlarged twice its natural size. I paid out over \$100 for remedies and veterinary bills, and got no benefit. One bottle of Save-The-Horse spavin remedy removed all swelling permanently, and I sold her for \$950 cash. I have another mare that had tried to race two seasons and couldn't, so last year I sent her to the farm; Save-The-Horse was used for three weeks, we started training, she raced every week, got record of 2:13 3/4 and could trot in 2:10 before season was over."
For 19 years, throughout the Whole World, Save-The-Horse has stood up and "MADE GOOD" under every test.
Every Bottle Sold with signed Contract-Bond to return money if remedy fails on ringbone, thoropin, SPAVIN, or ANY shoulder, knee, ankle, hoof or tendon disease. No blistering or loss of hair.
