• Manufacture at 90 College Street, Montreal, P. Q. •
Address for circular P. K. DEDERICK & CO., Albany, N. Y.

N. B.—Other manufacturers combined against the original patentee (DEREDICK), to appropriate his continuous bale chamber, falsely publish challenges and premiums over Dederick. "The Farmer will find that thorough cultivation of wheat ground is manure, and that each of his teams earns \$10.00 each day they are thus employed." If this is true, how important it is that the farmer should use proper implements for the purpose of pulverizing the soil. See advertisement of the "ACME" Pulverizing Harrow, Clod Crusher and Leveler on page 284.
