

The first requirement for success on the greater number of Canadian farms is the underdraining of land.

THE LARIMER DITCHING PLOUGH
(Patented in Ottawa for Canada, and in Washington for the U.S.)

is the most reasonable in price, and at the same time the most durable and serviceable drain plough manufactured. It is running in all the Provinces of the Dominion, and every up-to-date farmer who is using it speaks well of it. Particulars about how to underdrain, and how to get what is to many the most important implement on the farm, by addressing—
R. G. SCOTT, Martintown, Ont.
"Mount Joy Farm."
