## CONSUMPTION.

DO NOT NEGLECT IT. CONSUMPTION

Can and has been cured in thousands of cases by JUDSON'S CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT. and no remedy has ever before been discovered that wil

certainly CURE CONSUMPTION.

The most strongly marked and developed cases of Pul-monary Consumption, where the lungs have become dis-eased and ulcerated, and the case so utterfy hopeless, as to have been pronounced by Physicians and friends, to be past all possibility of recovery, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medications which are peculiarly adapted to and essentially necessary for the cure of COUGHS AND CONSUMPTION.

The operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this, after the prescriptions of the very best medical men and the inventions of kind and sorrowing friends and Nurses, have tailed to give the smallest relief to the Consumptive sufferer. ed to give the smallest relief to the Consumptive sufferer. THE GSANDS OF CONSUMPTIVE

It contains no deteterious drugs, and one trial will prove its aston-ishing efficacy better than any assertions or certificates in caring consumption and all diseases of the Lungs, such as Spitting of block, coughs, pain in the side, night sweats

About 1000 certificates of almost miraculous cures, per-About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent us for this medicine, but the publication of them looks too much like Quackery. [will show them to any person, calling at our office.] Thus medicine will speak for itself and enough in its own favour wherever it is tried.

CAUTION—This medicine is put up in a large bottle, and the name of Judson & Co., Proprietors, New York on the splendid Wrapper around the Bottle. All orders must be addressed to Comstock & Brother, No. 9 John Street, New York.

#### EAST INDIA HAIR DYE.

Colours the Hair, and not the Skin. Colours the Hair, and not the Skin.

This dye may be applied to the hair over night, terning the lightest RED or GREY HAIR to a dark brown, and by repeating a second night, to a bright jet black. Any person may, therefore, without the least possible trouble, keep his hair any dark shade or perfect black; with a positive assurance that the dye, if applied to the skin, witt not colour it. By an occasional application, a person turning grey will never be known to have a grey hair. Directions complete with the article. There is no colouring in this statement, as one can easily test.

These facts are warranted by the gentleman who manufactures it, who is the celebrated Chemist, Dr. COM-STOCK, author of Comstock's Chemistry, Patiosophy, and other works, and School Books, well known and widely celebrated by the public.

# HERE IS YOUR REMEDY !

# HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70, Saint Mary's Street, Weymouth, dated May 15th, 1851. To Professor Holloway,

StR,-At the age of 18 my wife (who is now 61) caught Sin,—At the age of 18 my wife (who is now 61) caught a violent cod, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep Every remedy that medical men natived was tried, but, without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements and advised her try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep weeks ago, and, atrange to reinte, is now in genu nearm. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature. would indeed feel delighted in maying over the so greatly alleviating the sufferings of a fellow creature (Signed) WILLIAM GALPIN.

A PERSON TO YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr Wm. Abls, Builder of Gas Ovens, of Kushrliffe, near Hudder field, dated May 31st, 1851. To Professor Hothoway,

To Professor Holloway,

Sin,—I suffered for period of thirty years from a bad
ler, the result of two or three different accidents at Gas
Works; accompanied by scorbuire symptoms. I had recourse to a variety of medical advice, without deriving
any benefit, and was even teld that the leg must be amputated, yet, in opnosition to that opinion, year Pilis and
Ointment have effected a complete cure in so short a time,
that few who had not witnessed it would credit the fact.

A DREADFUL BAD BREAST CURED IN ONE

MONTH. Extract of a Letter from Mr. Frederick Turner, of Pensharat, Kent, dated December 13th, 1850.

To Professor Holloway,
DEN SIR,—My wife had suffered from Bad Breasts for DER SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awill wound in my own leg by your unrivalled medicine. I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other brances of my family have derived from their use is really astonishing. I now strongly recommend them to all my fitends.

A WONDERFUL CURE OF A DANGEROUS SWELL-ING OF THE KNEE.

Copy of a Letter from John Forfar, an Agriculturist re-adding at Newborough, near Hexham, dated May 15th, 1850.

To Professor Holloway,

To Professor Holloway,
Sir,—I was sifficted with a swelling on each side of the
leg, rather above the knee, for nearly two years, which
increased to a great size. I had the advice of three eminent Surgeons here, and was an immate of the Newcastle
luftmary for four weeks. After various modes of treatment had been tried, I was discharged as incurable. Havlighter heard so much of your Fills, and Ointment I determined to try them, and in less than a month I was completely cured. What is more remarkable I was engaged
twelve hours a day in the Hay Harvest, and although I
have followed my laborious occupation throughout the
winter, I have had no return whatever of my complaint.

Lothion Road, Edinbro', dated April 29th, 1851.

To Professor-Holloway,
Sir,—For more than twenty years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was bled and blistered to a great extent, still the pain could not be removed. About four years ago she saw, in the papers, the wonderful cures effected by your Pills and Ointment, and thought she would give them a trial. To her great astonishment and delight she got in mediate relief from their use, and after persevering for three weeks the pain in her side was completely cured, and she has enjoyed the best of health for the last four years.

#### AMERICAN Temperance Life Insurance Company, Capital \$100,000.

HARTFORD, CONNECTICUT.

#### MUTUAL COMPANY.

Incorporated by the State of Connecticut, and officially approved by the Comptroller of Public Accounts.

# J. Burton, Agent for Nova Scotia.

THE friends of Temperance in the above State have recently procured a Charter for a Life Insurance Company, with a view to insure the lives of Temperance men, by themselves, that they may secure the advantages of their temperance principles, without being subject to pay losses incurred by intemmerance.

being subject to pay losses incurred by intemperance.

It is a well settled fact in the history of Life Insurance Companies that full twenty-five per cent. of their losses are traceable to the remote or direct influence of alcoholic stimulants upon the human system. Total abstinence men, if insured in common with mea who habitually use intoxicating inquors as a beverage, of course are compelled to share in paying losses incurred by this practice. They do not insure them upon an equality with other men.

er men.

It is the design of our Company to insure none but temperance men, and to give them the full benefits of their temperance principles, both in the reduced rates of insurance and the full carnings of the Company, after deducting expenses. We have herewith appended our table of rates. It will be seen that they are twenty-five per cent. lower than the rates of most mutual Companies. Our premiums are cent. lower than the rates of most mu-tual Companies. Our premiums are to be paid in cash, but if upon our present rates, it shall be found that abstinence from the use of intoxica-ting liquors as a beverage, shall make a greater difference in the value of life, than we have estimated, the insured receive the full benefit for we propose paying all-profits in cash annually after the usual fund of \$200, 1000 has accumulated.

annially, after the usual fund of \$200,-000 has accumulated.

In this Company those who are in-sured for life, and thus propose to share the profits of the business, not only have the same security furnished by the best conducted Mutual Compa-nics, but they have the entire earnings of the Company on the low rates; af-3 19 10 of the Company on the low rates, af4 3 10 ter deducting expenses; and in addi4 8 0 (\$100,000) is liable for the payment of
