

WHAT SULPHUR DOES.

For the Human Body in Health and Disease.

COSTS NOTHING TO TRY.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and, mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in **drug stores under the name** Stuart's Calcium Wafers. They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigour and health; sulphur acts directly on the liver and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Wafers is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins, while experimenting with sulphur remedies, soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article and sold by druggists and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin diseases as this remedy.

At any rate people who are tired of pills, cathartics and so-called blood "purifiers" will find in Stuart's Calcium Wafers, a far safer, more palatable and effective preparation.

WILLIE'S QUESTION.

Where do you go when you go to sleep?

That's what I want to know; There's loads of things I can't find out,

But nothing bothers me so. Nurse puts me to bed in my little room

And takes away the light; I cuddle down in the blankets warm And shut my eyes up tight.

Then off I go to the funniest place, Where everything seems queer; Though sometimes it is not funny at all,

Just like the way it is here. There's mountains made of candy there,

Big fields covered with flowers, And lovely ponies and birds and trees,

A hundred times nicer than ours. Often, dear Mamma, I see you there, And sometimes papa, too;

And last night the baby came back from heaven, And played like he used to do.

So all of this day I've been trying to think—

Oh, how I wish I could know Whereabouts that wonderful country is

Where sleepy little boys go.

WHO LED THEM HOME?

"Well, wouldn't you like to know how to say 'Yes ma'am' and 'No ma'am' every time? Mrs. Perry says she will teach me. I should think you would like to know, too."

Maisie looked at her little companions as if she thought this an accomplishment they might well be glad to gain. But Harry was quick to answer:

"Oh, we know that now. We always have known it."

Then Maisie was silent for a moment.

"Then why don't you say it?" she asked quite gently. And it was Harry's turn to be silent and hang his head.

Now Maisie wondered if there were anything she knew which Harry and his sister did not. For half an hour under the shadow of the old elm they had been comparing their stock of knowledge and their little possessions in the world of toys. Maisie had little of which to boast. In many ways she had not had a very pleasant time in life. Even the comfort of a good home had been denied her until now Mrs. Perry had put her sheltering arm about her and taken her to this quiet country place.

And do you not suppose Maisie had made good use of the days since she came to live with Mrs. Perry? So many new things as there were to learn! So many questions to be asked about the trees, the birds and the coming from the city to spend their summer vacation, Maisie's knowledge of these things seemed little short of of supernatural. But they could not

Oriental Rugs Are Cheaper than Carpets

They last a lifetime. While carpets are wearing out, Oriental Rugs are wearing more beautiful and more valuable. The mere pleasure of having them makes these rugs cheap at any price, and the actual usefulness makes them almost indispensable in the better class of houses. Our stock of Oriental Rugs includes all the characteristic makes and patterns of the East, and is largely made up of charming specimens of rare antiques. Here is a chance at special bargains:

95 Shirvan Rugs, worth \$15 to \$20; your choice for \$13.50 each.

200 Antique, Silky Persian Rugs, 6 x 3 and 8 x 5, worth \$30 to \$50; your choice at \$25 each.

350 Silky, Anatolian Door Mats, worth from \$3 to \$5; Special at \$2 each.

Out-of-the-city customers may have rugs sent on approval. All customers are welcome to our disinterested advice regarding the most suitable rugs for their particular purposes.
