"THE BLOOD IS THE LIFE."
THE LEVITICUS OF MEDICINE.

DR. HALSEY'S FOREST WINE.

FLOW in its own merits and great worth, the Forest Wine is fast becoming the favorite medicine with every class of people. Known for the most wonderful remedy for general Debility, Nervous Affections, Consumption, Bronchitis, Coughs, all the diseases arising from impure blood and habits of the System, and universally used by the Medical Faculty here, it has established itself as the most popular and effectual remedy of the day.

Dr. L. S. STANLY, a celebrated Physician, of 5 Battery Place, San Francisco, Upper California, writes, dated San Francisco, June 16, 1850, declaring that in all his extensive practice he never met anything to compare with the Forest Wine and Pills, or the same reliability in curing the worst and most complicated cases of disease. Dr. Stanly says: "I have used your Forest Wine and Pills extensively, and have found them to possess the same virtues which you claim for them. I shall continue to use them in my practice, and can recommend them confidently as a safe and reliable remedy."

Dr. D. D. D. HALSEY.—DEAR SIR,—I cannot feel satisfied to go to my home in the State of Massachusetts, without informing you of the great benefit I have received from the use of your Forest Wine as the King of Medicines. The good it has done for me in five weeks with three Physicians failed to do in as many years. In 1845, I became a victim of the Heart Disease and Nervous Affections, which have been growing on me ever since, until I procured your Forest Wine and Pills, although I had wasted several hundred dollars for medical attendance. During the last two years I was confined to my house nearly all the time, was obliged to keep my house nearly all the time, was obliged to give up business in consequences of my ill health. I had nearly lost all hope of recovery, my complaint was of that class under which nature sinks and life has to do a battle." Seeing your Forest Wine advertised I concluded to make a trial, and I am happy to say I have fought the battle and won the victory. I am now able to attend to business, and am about to commence it in a different part of the country. I shall continue taking the Wine and Pills, and recommend by advising all to follow the example of those afflicted with similar complaints. You are at liberty to publish this. Yours, &c.,

JOHNSON BURKE, Waverly Place, N. Y.

HAMPSTEAD, Dec. 1, 1847.

DR. HALSEY:—A bottle of your Forest Wine and a box of Pills, which I procured of Mr. James Carr, your Agent for this town, have done wonders for me. When I had become a state of decline for years before for me, that a year, afflicted with a dreadful cough, pain in the side, general debility, and loss of appetite. I became almost a skeleton, and had been unable to leave my room for more than two months; my friends told me I had the Consumption, and appeared of my recovery. I could not obtain any permanent relief from any medicine I took before, or my physician, until your Wine and Pills were recommended to me. The first dose of the Pills brought up from my stomach much phlegm and greenish matter, and my stools were perfectly black. I then commenced taking the Forest Wine three times a day, my appetite began to return immediately, my cough left me, and in less than two weeks I was almost well. I now enjoy better health than I ever did before, having increased twenty five pounds in flesh. I consider myself indebted to Your Forest Wine and Pills for the highly valued in this vicinity, and I recommend publicly to this vicinity, and I recommend publicly to this vicinity. Yours, respectfully,

MARTIN CALDWELL.

The following Certificate, voluntarily given by Mr. E. G. Massey, a respectable and well-known citizen of Cohoes, New York, is an evidence which must remove all doubts of the efficacy of the Forest Wine in GENERAL DEBILITY, NERVOUS AFFECTIONS OF THE SPINE AND KIDNEYS:—

This is to certify, that I have used Dr. Halsey's Forest Wine in my family with the most entire success. My wife was badly afflicted with Neuralgia, affections of the Spine and Kidneys, and general Debility. She found speedy relief, and regained her health, by the use of the Forest Wine.

From my own knowledge of this excellent medicine, I can confidently recommend it for the good of others who may be suffering with similar complaints. It is the best medicine with which I am acquainted, and those who are afflicted with the above, or any similar disease, may safely rely on its virtues.

Cohoes, March 6, 1850. E. G. MUSSEY.

More Testimony from Canada West.

Dr. G. W. HALSEY:—Dear Sir,—My wife last autumn was confined to her bed in a state of Debility. My Family Physician advised her to take your Forest Wine. Accordingly I went to Mr. Terry's, your Agent for this town, and procured a bottle of it, which restored her in a very short time to perfect health.

HENRY DONALDSON.

Cohoes, April 18, 1850.

The testimony of upwards of three hundred individuals, some of whom were afflicted with dreadful disorders, and considered incurable, may be seen at Dr. Halsey's principal Office. The following are some of them residing in this city:—

Mr. Asa S. Smith, 167, Prince Street, Office in Wall Street, was long severely afflicted with a disease of the kidneys and bladder. The most medical skill answered no purpose. He tried the Forest Wine, and it met his case, and he was completely cured by the use of four bottles and a half of the Forest Pills.

Mr. Jas. B. Bell, Merchant, in Pearl Street, was for four years a martyr to severe Rheumatic Pains, and could find no relief until he used the Forest Wine and Pills, as I recommend by taking six bottles and less than a box of the Pills.

The wonderful efficacy of the Forest Wine is exemplified in the case of the Hon. G. J. Boyce, of Virginia, who was cured in a few hours' time of a severe attack of Bilious Diarrhœa and general prostration of bodily energy. On the arrival of the gentleman in New York in March, he was so overcome and nervous, from the effects of his disease, that he could not write, and requested his friend to write for him to walk in his apartment. The Wine was sent for, and in less than two hours' use of less than a bottle of the Wine and a single dose of the Pills.

The Forest Wine and Pills are recommended as an efficient and certain cure in all the following cases:—

Dyspepsia, Habitual Costiveness, Liver Complaint, Jaundice, Piles, Obstinate Headache, Bilious Fever, Fever and Ague, Rheumatism and Neuralgia, Diseases of the Skin, Dysentery, Acute and Febrile Inflammation, Erysipelas, Complaints incident only to Females, Languishing Habits, Weak Nerves, Night Sweats, Involuntary Discharges, Want of Sleep, Nervous Irritation, General Ill Health and the Impaired state of the Constitution.

Sold by Druggists throughout the United States, Canada, and Europe.

Principal Depot, 67 Broadway, New York. One Dollar per Bottle. Six Bottles for Five Dollars. Twenty-five Cents per Box for the Pills.

For Sale by Wm. Lyman & Co., and all Respectable Druggists.

Hamilton Water.

Wm. Dalgleish, Esq., Provincial P. L. Surveyor, of the Province of Canada, and Engineer of the Hamilton Water Works, has been employed by the Corporation of the City of Hamilton to survey the line of the Water Works, and to report upon the same. Mr. Dalgleish has made a very favorable report, and has recommended that the Water Works should be carried out immediately, and that the Water of Cootes's Paradise should be used for the supply of the City. The Water is pronounced by Mr. Dalgleish to be of the purest description, and the Water Works are to be constructed on the most approved principles. The Water is to be brought from the Head of Cootes's Paradise, and the Water Works are to be erected at the Eastern end of James Street. The Water is to be forced up by the power of the Water Wheels now erected at the Eastern end of James Street, and will be distributed throughout the City by means of Iron Pipes. The Water Works are to be completed in the course of two years from the present time. The Water is to be delivered at the Premises of the Consumers at the rate of $2 per annum for each family, and $4 per annum for each Store. The Water Works are to be constructed by the Hamilton Water Works Company, who have entered into a contract with the Corporation for the purpose.—*Hamilton Spectator*, March 26.

Sold only in Montreal by Messrs. Lyman, Brothers & Farmer; and by C. W. Nelson, Esq., Quebec.

THE MAYOR'S CERTIFICATE.
PLANTAGENET WATER.

In accordance with the requirements of Monsieur the Queen Commissioner of Health, I have visited the Spring of Water called Plantagenet Water, and from its great excellence, and its peculiarly soft and delightful character, I find that it is particularly recommended by Physicians as a beverage, and for culinary purposes, and is highly recommended by the Faculty for its medicinal properties. As a beverage it is unequalled, and for culinary purposes it is particularly recommended, as it is found to be the best for boiling vegetables, as it does not harden them.

CHARLES LAFRENIERE, Esq.,
Mayor of the Legislative Council of the Province, and President of the Bank of Montreal:—

DEAR SIR,—Having for the past year used the Plantagenet Water, as well known and so highly commended by many others, I have much pleasure in recommending it to public favor by many of the most eminent medical Practitioners of the City, as the most salubrious effects from its use in promoting health, and doubt not its efficacy in contributing to strengthen and invigorate the constitution of those who may freely use it. The location of the Spring is also most favorable, being elevated in the mountains, and my own experience of 10 excellent constitution fully warrants me in giving my testimony to its favorable qualities.

THE BRITISH PERIODICALS
FARMERS' GUIDE.
AND
LEONARD SCOTT & Co.,
No. 54, Gold Street, New York,

CONTINUE to publish the four Reviews and Magazines, viz.:

THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE.

By Henry Stephens, F. R. S., of Edinburgh, Author of "The Book of the Farm," "Book of Farm Implements and Machines," &c., &c., assisted by John Slee, Esq., Member of the Royal Agricultural Society of England, and other Practical Agriculturists. This work is now complete in one large octavo volume of about 1200 pages, containing more than 1000 engravings, and is offered at a very low price. It is the most complete and practical work on Agriculture ever published, and is recommended by the Agricultural Societies and Agriculturists generally throughout the country. It is the only work on Agriculture published in this country, and is sold at $3 each, or $5 for the entire Work in two volumes.

The British Periodicals, viz.:

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (Free Church.)
The Westminster Review, (Liberal.)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these Periodicals are conducted by the ablest writers in the world, politics forms but a small part of their contents, as the greater portion of each work is devoted to political subjects. It is their literary character which gives them their chief value, and in this respect they are unrivalled by those of any other country. For the last fifty years they have been the chief source of Critical Literature, and the most valuable articles in the English language have appeared in their pages. Indeed, they have become text books in the Universities, and in many of the Colleges they are publicly recommended by the Professors to the attention of students. Many of the most valuable articles in the Encyclopedias have been written by the Contributors to these Periodicals, and the most distinguished writers in Europe and America have been proud to appear in their pages. Their Reviews of Books, and Criticisms on Literature, Science, and the Arts, are considered as standard authority, and as a means of keeping pace with the progress of the human mind, they are indispensable to every one who wishes to be well informed on the literature of the day. No other publications can be relied on for this information, as they are the only ones which contain reviews of all the new works as they appear. Being printed in England, they are sent to this country free of postage, and are therefore furnished at much less than the cost of reprinting. The Proprietors of the Periodicals have been at the expense of procuring early sheets from the moment of publication, and are thus enabled to place before their readers the literature of the day, in its most perfect form, at the same time as it appears in England. The Periodicals are faithfully reprinted from the copies of Blackwood's Magazine and the Reviews, and no alteration or omission will be made in the articles or the matter contained in them.
