

That Son-in-Law of Pa's—By Wellington

PARIS RALLY A REAL HUMMER ON SATURDAY

John W. Westbrook Gets a Rousing Reception—Supporters Pack Hall.

One of the most enthusiastic and largely attended meetings that ever characterized the opening of a political campaign among the Liberal-Conservatives of the north riding of Brant was held in the new Conservative quarters in Paris on Saturday in the interests of the candidate, John W. Westbrook, M.P.P.

Representatives were present from all parts of the riding to encourage their fellow Conservatives in the north. In the large audience could be seen scores of battle-scarred campaign veterans and many enthusiastic young fighters eager for the fray. The "boys of the old brigade" were busy giving good advice to the younger generation who by the way will make their presence felt on the day of the election. The meeting which took the form of a "smoker" was on hand to enliven the affair with the rendering of many popular selections in capital style. The efforts to please were well received and they were given numerous hearty encouragements.

When the chairman, Dr. Lovett rose to call the meeting to order every seat was occupied and many were standing around. Dr. Lovett made reference to the good record of the Whitney government and called upon those present to put on their armour and stand behind their candidate until the polls were closed on election day.

When Dr. Lovett called upon John W. Westbrook, M.P.P., to address the meeting the popular representa-

tive was received with rounds of applause. He expressed his great gratification at the large and enthusiastic rally of loyal supporters. The speaker said that gathering was not so much to discuss politics but to organize for the campaign which was only a few weeks hence. There was much work to be done in that line and he hoped his hearers would see to it that the organization would be put in perfect running order. The members of the old guard had proved their worth and without doubt the young men would pitch right in and stand shoulder to shoulder for a good cause, a good government and another glorious Conservative victory.

Before taking up the political questions of the day, Mr. Westbrook paid a compliment to his opponent, Mr. Scott Davidson and said that he wanted a good clean fight and hoped that no personalities would be brought into the fight.

The candidate then referred to the Agricultural school which the Whitney government had established in the town of Paris which he said was a great boon to the town and surrounding country, which many young farmers and rural school children are taking advantage of.

Mr. Westbrook took up the Workmen's Compensation act. He demonstrated that it was the most advanced labor act ever advanced anywhere and provided where the injury resulted in death \$75 for burial expenses; \$2 monthly to widow and \$5 monthly for each child under 16; \$10 monthly to each child where there is no widow; if the widow marries again she gets a lump sum equal to the total of the weekly payments for two years; where a workman is permanently disabled he receives a weekly payment during his lifetime equal to 55 per cent of his average weekly earnings.

GALT AND RETURN 75c

From Brantford to Galt and return 75 cents, plus twenty-five cents for admission coupon to Galt Horse Show. Tickets good going via Grand Trunk Railway System, Thursday, Friday and Saturday, June 11th, 12th, and 13th, and valid to return until Monday, June 15th, 1914.

Full particulars at Grand Trunk Ticket Offices.

Pays to Have Real Live Member in the House

Not only has W. S. Brewster, K.C., M.P.P., proved an able supporter of Good Government in this province, but he has, as the member for South Brant, shown that kind of initiative in behalf of the people he represents which has won for him not only distinction in the Legislature, but encomiums from his constituents of all ranks. Notably so is this in connection with Mr. Brewster's vigorous and entirely successful fight on the floor of the House for pure gas for Brantford. As a result it is now unlawful for sulphur gas to be delivered into the homes of the people, but, pending the erection of huge purifiers at Glenwood, which the company was forced to undertake, the municipalities affected are inclined to wait and watch results. As a result of Mr. Brewster's measure, which was fought tooth and nail by the gas interests, the people now have the abolition of the sulphur nuisance in their own hands.

Here are two of the clauses of Mr. Brewster's Public Utilities Act, which was made law at the recent session of the Legislature.

(1) After the same have first been submitted to and approved of by the Lieutenant-Governor in Council by-laws may be passed by the councils of all municipalities to prohibit the sale or distribution within the municipality of natural or manufactured gas containing sulphuretted hydrogen.

(2) If a company contravenes the provisions of any such by-law or after the passing of such by-law neglects or refuses to furnish supply sufficient for all public and private uses of gas not containing sulphuretted hydrogen any right, privilege or franchise which it possesses for the sale or distribution of natural or manufactured gas within the municipality shall ipso facto come to an end and be determined.

It pays to have a real live member like W. S. Brewster, K.C., as South Brant's representative. It will pay to keep him.

cent of his average weekly earnings. The speaker also went very fully into the temperance question demonstrating how the Liberals when in power had played played in a political way that subject and showing that under the Whitney administration there had been strict enforcement and true temperance advance. As he resumed his seat he was again accorded an ovation.

Mr. J. H. Fisher, M.P., gave a good solid political business talk interspersed with some amusing incidents. Nobody knows better than "John" how to conduct a winning fight and his advice was keenly followed.

During the evening Mr. John McCammon sang a couple of songs in good voice.

The meeting dispersed with the usual cheers. Another rousing meeting will be held in the rooms next Saturday night.

DUFFERIN OFF TO NIAGARA

Regiment Looked Spick and Span This Morning on Departure.

The 38th Regiment, Dufferin Rifles of Canada, left this morning for their annual camp at Niagara-on-the-Lake and it is in camp there for eight days. Never before in the history of the regiment, has such a large number of the men turned out for camp. The different companies formed up at the Armouries at 8 o'clock and with the regimental band and Bugle Band, paraded from the Armouries down Colborne street to Market, then down Market to the T. H. and B. station, where they left on a special train at 9:25, for Niagara, arriving there at noon.

Hundreds of the wives and sweethearts of the boys were at the station to bid the farewell and words of admiration were heard on all sides for the orderly appearance of the men and the neatness of their uniforms. Lt. Col. Howard was in command, with Staff Officers, Major Genet, Lt. Col. Palmer, Capt. Ballachey, Adjutant, and Captain George D. Watt, paymaster.

Each company was well represented, particularly the Signallers, who mustered 21 strong under Captain Dunlop.

DON'T KNOW YET. Bobbie: Say, Ma, where y'goin' on vacation this summer? Ma: I got to wait till I find out where your father don't want to go.

Fly Swatting Is Useless

Our Dominion Entomologist says: "I am convinced that the practical results of the fly swatting campaigns that have been carried on by some of our newspapers are useless as fly reducers." But the fact that one ten-cent packet of WILSON'S FLY PADS is capable of killing a bushel of flies proves them to be the best of all fly killers and recommends their continuous use to good housekeepers. WILSON'S FLY PADS are sold by all grocers and druggists everywhere.

TUTELT CLUB BEATEN

could do anything but lose. The second half the P. S. A. were on one back game which ruined the play, thus making their own off-side every time they touched the ball. Cook and Taylor made a great defence game, but the P. S. A. on their own half played well through the game. Williams, the Scots goal, only touched the ball twice throughout the game and with them he showed some clever work. In about ten minutes time the P. S. A. had a great goal by the inside but missed the goal. Time was called with a score of 1-0 in favor of the Scots.

Holmedale 1, Paris 1. This game was played on the B. grounds before a moderate attendance. Mr. Mears, referee. The poor game in the first half, but in the second half both teams played well. Paris' outside right scored the first goal. Soon after Scots evened up. If the Tigers will keep this play up and get their heads together they will want some beating. Hoyle, after two weeks' rest, put up his old game as usual. Hart should be a good help to him when he gets used to his place. The half-back line could not be beaten, all goals were from start to finish. Solman and Co. burned did some pretty work, but the latter held the ball too long. At signed-on players and intending players are requested to be on the O.S. grounds Tuesday night for practice 7 o'clock.

On Saturday the Scots United met the P. S. A. in a league game at Recreation park. Both teams started off in pretty fair style, and in about three minutes, Marshall, the Scots centre forward shot for goal, and before the goal-keeper could get the ball out he let it drop into goal. This was the only goal of the game. The Scots held the advantage, and
