## ONTARIO BUDGET DUE ON WEDNESDAY

### Hon. Mr. McGarry Expected to Announce Fair Surplus.

Toronto, March 6.—Having in record time disposed of the preliminary debate of the session, that following the Speech from the Throne, the Legislature will this week settle down to business. The absence of any bills or other business on the order paper will make to-day's sitting a brief one, but on Tuesday Hon. T. W. McGarry will probably bring down the budget, and the balance of the week will be taken up with the budget debate.

The Provincial Treasurer will on Tuesday lay before the House the public accounts and the supplementary estimates for 1915 as a prelude to his speech. What the accounts will show on the year's administration has been closely guarded, but there is ground for believing that Hon. Mr. McGarry will not have to report a deficit this year. The budget that the Treasurer laid before the House a year ago covered only three months of war, but this year's financial statement will show the results of a full year of careful economy in all directions. Against this there has been some reduction in revenue from a few sources, but on the whole provincial income has been well maintained.

The temporary question will hardly be taken up in the House this week, although the arrival in force of the signatories to the petitions of the committee of One Hundred will give the members a good dose of it. The government's proposals will hardly be in bill form in time to allow consideration before next week. Upon the important points the Ministers know clearly what they want, but in such legislation there must necessarily be a large amount of detail to be carefully gone over. Even the acceptance of the Manitoba Act as the basis of the new legislation does not make the task of drafting the bill a light one. The Manitoba Act was drafted 16 years ago, and in many respects it is open to improvement, particularly in the clauses making for straight enforcement. In this respect it is considered likely that the government will strengthen the legislation by incorporating some of the excellent machinery that has done so much toward making local option a success. The government, it is said, fully recognizes the fact that if prohibition in Ontario, once passed, is to avoid failure, due care must be taken now to see that the provisions of the legislation bar the way to the fullest extent against all illegal traffic in liquor, either by "blind piggers" or by the abuse of the sections permitting sale for scientific, mechanical or medicinal use.

## ANOTHER ZEPPEL RAID ON NORTHEAST COAST

### Some Bombs Fall Into the Sea—Damage Done Not Yet Known.

London, March 6.—A Zeppelin raid took place Sunday night, when two hostile airships crossed over the northeast coast of England. The official statement announcing the raid gives no information as to the damage done.

## TWENTY KRUPP GUNS CAPTURED AT BITLIS

### Russians Make Big Haul in Occupying Important Armenian City.

Petrograd, March 6.—The following official communication regarding the capture of Bitlis was issued by the War Office:

"Details of the capture of Bitlis show that our troops attacked the position without firing a shot. The attack was made at night during a snowstorm. About three o'clock in the morning a bayonet charge was ordered, and the Turks after a desperate resistance were dislodged. The Turkish artillery position was stormed after hand-to-hand fighting, as the result of which the defenders, who fought with the greatest desperation, were all killed.

"On the position and in pursuit of the enemy we captured twenty guns of the latest Krupp type, all of which were in good condition. We also captured on the position a huge quantity of gun and rifle cartridges, artillery munitions. During the pursuit numerous Turks were captured, the number of prisoners has increased, and includes forty officers.

"We occupied the town of Bitlis, in Persia, about fifty miles northwest of Hamadan, after an engagement."
