SUDDEN DEATH OF SENATOR PERLEY

A True Friend of Canada Called to the Great Beyond on Thursday--Heart Failure the Cause of Death Impressive Funeral Held on Saturday Afternoon.

A telephone message from Dr. Elliott of Wolsley to Hon. F. W. G. Haultain last Thursday evening conveyed the message of the death of Hon. Senator W. D. Perley. Death occurred in Craig's store, where Mr. Perley was resting for a few minutes after some work which he had been doing. Heart failure was the cause of death which came so suddenly.

The late Mr. Perley was born in New Brunswick in 1838. He came west and settled at Wolsley in the early eighties and shortly afterwards his sturdy characteristics and ability were recognized by his fellow citizens and he was elected to many offices of trust. He was elected a member of the old North-West Council and in 1887 was elected a member of the House of Commons. In 1888 he was called to the Senate.

He was a staunch Conservative

and nobly assisted in many political fights.

Mr. Perley leaves a widow, a son and two daughters, Mrs. E. A. Banbury and Mrs. Levi Thompson.

The funeral was held on Saturday afternoon from the residence of his daughter, Mrs. Banbury. An immense crowd attended, not only from the town of Wolsley, of which he was mayor, but from the surrounding country and different parts of the province.

After a short service at the house the cortege was formed and proceeded to the town hall where an impressive public service was held. The pallbearers were Dr. Elliott, Sheriff Murphy, A. D. Ferguson, M. E. Crozier, Mr. McKay and Mr. Midonias.

Through the loss of Mr. Perley the Conservative party loses a pillar and Western Canada in general believes a true friend.

CENTENNIAL EXPOSITION

Committee Endeavoring to Make It a Dominion Affair—Eastern Canada Taking an Interest Now—Name Is Changed.

Winnipeg, July 20.—Work of the committee that is engaged in formulating plans for the Canadian International Exposition, to be held in this city in 1912, is proceeding with all possible despatch. Following up the canvass of Western Canada made in the spring, the committee is now engaged in placing the project before the eastern Canadian public through the medium of a canvass of that part of the Dominion made by Secretary Charles F. Roland, of the Exposition committee. Mr. Roland has been in the city several weeks, part of the time accompanied by members of the committee, who went to Ottawa to present the Exposition memorial to Sir Wilfrid Laurier, and he has also had the assistance of George Ham, the well-known newspaper man.

From this canvass of Eastern Canada, Secretary Roland returns most encouraging reports and the press of Eastern Canada verify these reports by articles that appear in the news and editorial columns, which are generally highly favorable to the project of holding a Canadian Exposition.

Exposition Will Cover Canada.

In all the work that is done, the committee and its agents are striving with might and main to make the Exposition cover the whole Dominion, and to conserve the interests of each district, city or town, so that when the last word shall have been said not even the most inconspicuous part of Canada will have cause to complain that its claims have been slighted or its interests defeated.

Naturally, in the necessary haste of a preliminary canvass, the more prominent places have received a larger share of attention from the Exposition committee than the smaller towns and settlements, but discussion which takes place at the committee's meetings indicates clearly and forcibly that the whole country is to be covered in minute detail, and the wishes and interests of every part will be given conscientious care.

The Awakening of the East.

The awakening of the East to the very sharp material interest which that part of the Dominion has in the West, is one of the invaluable aids to Canadian trade in Canadian goods that must surely result from such a canvass as is now being made of the East, and which will be elaborated and made vastly more effective as plans for the Exposition develop. It seems to be true that both of the great sections of Canada have been too busy to get thoroughly acquainted with each other, and the work of the Exposition committee—even in its present comparative crudeness and tentative form—has done a good deal to enlighten the members of the committee and the people whom they have met in the several parts of the Dominion, on the real conditions and the real needs of Canada.

Besides placing its memorial before the Dominion government and asking for the substantial sum of \$2,500,000 the Ex-

position committee has preferred a request for a quarter of a million dollars from the Manitoba Provincial government. Premier Roblin has promised to take this matter up with his cabinet in a few days, and no difficulty in obtaining the grant asked for is anticipated. A definite answer is expected within a week, and then the matter of provincial aid to the Exposition will be taken up with the local governments of Saskatchewan, Alberta and British Columbia, so that Exposition plans may be put into definite form as soon as possible, and the utmost limit of time allowed for working out the innumerable details that must be attended to in order that the 1912 Exposition shall be a thoroughly creditable work to the country.

BOARD DOES NOT AGREE

Cancellation Board Arbitrating Between C. N. R. and Men Brings in Two Reports—G. T. P. and Men May Reach Agreement.

Winnipeg, July 20.—The conciliation board which was called to arbitrate the case between the Canadian Northern and its men, has failed to agree, a majority report signed by Judge Myers, chairman, and J. G. O'Donohue, representative of the men, and a minority report signed by W. J. Christie, the company's delegate, will be issued at Ottawa this morning. The men and the company had agreed on a schedule covering rates of wages and everything except two items in the pay list. But Mr. Christie thought that the board ought to deal with the whole schedule as the company's offer was not accepted. The two disputed points that the majority report deals with are the rate of wages of permanent section men, of whom there are 583 and the pump repairers who number nine. These, it was agreed to leave to the board. The section men have been receiving \$17.50 a day for the last two years, and the pump repairers \$90 a month flat.

The company proposed to bring the wages of the men into line with those of the C. P. R., \$1.70 a day. The pump repairers asked for an allowance of 75 cents a day while away, stating that the C. P. R. pays \$78 a month on all branch lines and allows 75 cents a day for expenses which would render the monthly rate from \$92 to \$93.

Mr. O'Donohue says he thought the pump repairers should get an increase of two or three dollars, but consented to sign the report for the sake of peace. The findings of the reports became effective on July 1, 1909, the board having been called together before that date. Mr. Christie expresses surprise that the only men called upon to give evidence on behalf of the men are from a foreign country, and also thinks the men's delegation to the board should have been a man from the district acquainted with local conditions.

The Canadian Northern Railway was represented before the board by M. H. McLeod, general manager; J. R. Cameron, general superintendent; and A. E. Warren, district superintendent. The following appeared on behalf of the men: J. B. Fjoridal, A. B. Lowe, president of the International Order of Maintenance of way men; W. M. Keyes and W. Irwin.

Amicable Agreement.

Winnipeg, Man., July 20.—Great progress towards an amicable agreement is being made by the conciliation board which has been called to settle the dispute between the Grand Trunk Pacific and its employees. A session was held yesterday in the morning and afternoon in the offices of H. H. Brewster, general superintendent of the line, and evidence was heard on both sides. H. H. Brewster

Sale Ends Saturday Night

You've just three more days in which to take advantage of our Summer Sale. Judging by the crowds of people who have filled our store, and by the results in sales, it has been much appreciated. One thing we are sure of—prices were never more in your favor.

BROKE HIS NECK

Port Colborne, July 20.—A youth named Sidar, aged 17, of Wingham, Ontario, broke his neck by falling down a hay chute in a barn on his father's farm.

TRAFFIC EARNINGS.

Montreal, Que., July 19.—Traffic earnings of the C.P.R. for the week ending July 14, were \$1,621,000, an increase of \$214,000 over the same week last year. Grand Trunk earnings for the same week were \$789,746, an increase of \$40,743 over last year.

SHOCKING MURDER.

Pittsburg, Pa., July 20.—The mutilated body of Mrs. Mary Solomon, aged 40, was found beside a lonely road near Clairton, Pa., with the head smashed, as though by a rock. Gerry Solomon her husband is being held pending the coroner's investigation and a 13 year old son is in custody as a witness. The torn dress and bruises show that the woman put up a brave fight for her life.

DIRIGIBLE BALLOON.

Nancy, France, July 19.—The dirigible balloon Ville De Nancy arrived here on Sunday after a five hour trip from Meaux, where it stopped after leaving Bar Le Duc. An enormous crowd cheered the Pilot M. Capfear. The Ville de Nancy left Sartroville, early on Friday morning, but was obliged to descend at Bar Le Duc on account of trouble with her motor.

The arrival of the Ville De Nancy was picturesque. It was almost dark when the balloon was sighted as she manoeuvred over the field. Guided by a powerful electric light on top of the flagstaff she glided slowly to the earth. The height of the airship during the voyage was between 600 and 1,500 feet and the average speed maintained was 37 miles an hour.

SHOOTING RECORD BROKEN

Wakefield, Mass. July 19.—A new world's record for rifle shooting was made today at the Wakefield range. It is claimed by past world-champion Andrew P. Penning, U. S. N., of the naval team who scored 335 out of a possible 450. This exceeds by two points the new record of Captain. Emmett Eddy of the Eighth
