CENTRAL BLOCK ATHENS H. H. ARNOLD

Good Value POLITE ATTENTION Fair Dealing

The family who spend their money right will succeed. The family who spend their money wrong can not. When you want Groceries and Provisions go to the store and get your prices and see our goods. We claim to give you more value for your dollar than you can get elsewhere. The question will arise, how can this be? It only requires an explanation and you will admit that we can do all we claim. We have always had a large store in Athens, but at the present we are closely connected with another store in Lyndhurst. This enables us to buy goods in almost car lots; in fact, for the last six months we have had our lots every month, besides nearly every day's train has goods for us. This we can prove by the freight Athens heading this amount of goods. Why is this?

We started business to sell goods, not to give them away. We cannot live without a little profit, but we cut that profit down to the lowest point. We prefer 5 per cent profit on ten sales before 40 per cent profit on one. When you want any and everything in Groceries and Provisions, go to Thompson's. Please note the following prices:

- Best granulated sugar 20 lbs. for \$1.00
- Bright yellow sugar 25 lbs. for 1.00
- Best Valencia Raisins, 5 lbs. for .25

We have purchased this week a whole line of Tea, well worth 35c., which will be sold for 25c per pound. Don't fail to come and see for yourself. Faithfully Yours,

Joseph Thompson.

The new Anglican diocese of Ottawa will comprise the eight most easterly counties of Ontario, and have jurisdiction over twenty-six parishes, leaving only fifty-nine to the old diocese, which, however, contains nearly all the Catholics. For every one of Bishop Lewis's thirty-one parishes, he gave out the office an order for 40,000 pages of advertising matter last week.

The Shawville Equity relates the following: A cow belonging to Mrs. T. H. Danbar, of Downs, recently gave birth to a calf that is a freak of nature. It is pointed out by the writer that the calf has two heads, four eyes, two noses and two mouths, while it has but two ears. The animal is of the ordinary size in body. It drinks with both mouths, and it naturally the talk of the country.

A farmer in Frontenac, Ont., makes a positive statement that in that county there is not an improved farm that will pay more than three per cent on the capital invested, while a large percentage do not pay two per cent, and many are not paying anything at all. The United States consul at Kingston asserts that every day he is asked by farmers for information as to the best methods of increasing the soil's fertility.

We are pleased to learn from Mr. John M. Davis, of Markdale, Ont., formerly of Addison, that he is preparing on his farm in Western Ontario. As he took with him from Elizabethtown little capital but pluck and perseverance, his success may be cited as showing that it is not necessary to cross the international line in order to obtain the reward of merit. In January he was re-elected for the third time to the position of township councillor, and this time by a majority of 105. He sends a greeting to his old friends in Leeds county, and is pleased to learn of their doings through the medium of the Reporter.

Cheerful persons can find reason for satisfaction even in severe winter. The larger part of this continent is the better off for a thorough freezing every few years. The frost destroys many grubs and insects which otherwise would prey upon vegetation, and there is a common belief that the soil yields better after a hard winter. If the season is mild, fruit trees bear too early, and the late frosts do a great deal of damage. In the north the lumbermen depend upon a plentiful supply of snow to aid them in their operations. The people in the city are more in love with the cold weather; it is more conducive to health than open winters. At all events, it is the most up with the cold as well as the heat, it is just as well to be early, and the late frosts do a great deal of damage.
