Auto-Expanding

The foot spreads when borne upon! It contracts again when lifted!

A new shoe, which fits the foot neatly when off the ground, must therefore pinch it when stood upon, till it is stretched to the maximum width of foot.

A shoe which has thus been stretched, till comfortable across the ball when stood upon, must be too loose when the foot is lifted.

The RESILIA is the only shoe which expands at the ball when the foot does, and contracts again when lifted.

It becomes a size larger inside when the foot sinks down into the resilient centresole, the rebounding of which takes up the leather slack again when foot is lifted.

It is thus as easy as an old shoe the first moment it is worn, requires no "breaking in," and retains its shape because the leather is never overstretched.

LACROSSE

A SPLENDID STRUGGLE.

"What splendid stick handling!"

"Just look at the combination!" "Well done, Chatham!" These and many other similar expressions flooded the throng of enhusiastic and delighted spectators, who lined Tecumseh Park yesterday afternoon and witnessed what proved

match seen here this season. merits of the two teams. The Wal- Greens. laceburg players were in it at every stage, but the luck was all with Chatham. Shot after shot whizzed harmlessly by the Richards citadel while when they were trained true the stalwart anatomy or the deftly wielded of the following players: — Messrs, webb. Tillson. VonGunten, Hutchinson, W. Merritt, Mitton and skips Dr. R. V. Bray and A. E. Jewett. hand, the 'Burg was weak between the flags and the Chathamites much

nore fortunate in their shots. All this is true and yet the victory was an earned one. The emeraldsweatered athletes demonstrated what sweatered athletes demonstrate practice hard work and systematic practice will do. Their combination at times was perfect and repeated races were made down the field when the ball swished from stick to stick, never target with the same between the Park St. Liners and the Irish Sluggers on rying, nor finding temporary repose on the sward or in the enemy's hands. The most notable instance of this ex-cellent work preceded the second goal, the players who participated being Richards, Fetterly, Sowerby, McLeod, Wilson and Angus, the last named doing the needful with a fine clean

For Wallaceburg, some spiendid playing was done, Appleford, Mooney and Wilson being the particular stars. The last mentioned, from whose arms peeped something which closely re-sembled the Shamrock colors, and who the men-who-know-it-all persist-ed in informing the uninitiated hailed from Montreal, Ottawa, Cornwali, Orangeville or Woodstock-as the case might be—playing a phenomenal, if rather stagey, game. Time and again he eluded the whole Chatham defence and his pretty stick-work was a treat to behold. He was heartily and re-

peatedly cheered by the crowd.

That the game was clean, fast and riendly was in a large measure due o Referee A. Appleford, to whom considerable commendation is heartily accorded. His task was a difficult one, but his thorough knowledge of the game, strict adherence to the rules and firm inpartiality carried him through with the respect of all the players and the appreciation of the nlookers. Three players were penalized at different times during the game-Bert Wilson, of Wallacebarg, and Fetterley and Will Wilson, of

Notwithstanding the score, match was as interesting at the end as at the beginning of the game, Wallaceburg's gameness was wonder ful. Time and again they came on, heedless of past failures, and stormed the Chatham posts. Fortune frowned out they never lost spirit nor temper and worked the harder. They are a team of young gentlemen, who the Maple City will always be glad to wel-

The Chatham players are all deserving of individual mention did space permit. On the defence, Richards in goal was unbeaten, the 'Burg's only tally glancing off Coupland's stick after Taylor's shot; Bennett and Fet-terley worked like Trojans and worked effectually. Upon the home the most brilliant work was done, Angus and Wilson being particularly effec-tive in their splendid playing. Sowerby's speedy running, good stick-handling and aggressive energy were of considerable value, though his throwing at times missed the mark. Leod worked magnificently and, while some of the others experienced too much difficulty in picking up the ball, they rendered, in the main, excellent

When we say that Wallaceburg home man "with the Shamrock stripes" is a peach, we put it mildly. He's a whole bushel of 'em.

Officer Tom Groves did splendid work in keeping the crowd back. It would be a good thing if the services of a policeman could be secured for all these games.

The game with Blenheim on Thursday next is looked forward to as the game of the season, as the Blenheim boys at practicing hard. Elliott will be home for the game, and our boys will be right at themselvs.
