## STRONG TALK FOR MAYOR

Trusteess Deal With Mayor Cowan's Charges at **Board Meeting Last** Evening

Mr. Bensen Says Statements are Incorrect as to Estimate for Heating Central-Mr. Robertson Says It's a Shame

Mayor Cowan stirred up a hornet's nest about his ears when he attacked the Public School Board at the last meeting of the City Council. The Mayor drew attention to the sale of some school property made by the Board and pointed out, what he called mis-management somewhere

in expenditures.

Trustee Wm. Bensen took exception to the remarks of the Mayor and at the School Board meeting last evening he undertook to say a few

words in response.

"Of course you have all seen in The Planet the roasting that Mayor Cowan handed out to this Board," said he. "I suppose we have got to take it, but there are a few corrections I would like to make in order to set the Mayor right in his facts. He put emphatic emphasis on the estimated cost of the heating of the Central school. He said we asked for \$12,000 for the heating of the Central school, which is not correct. Such incorrect statements are misleading to the public. I have since heard the Board criticized for not patronizing the Chatham Steam Heating Company, as their figure is lower than \$12,000.

Mr. Robertson—The matter is hardly worth noticing. Mis-statements whould not be poticed by whill cor

shame.
"It reminds me of a little story
I heard once about a little dog baying at the moon," remarked Mr. Paxton. "There is no use stopping the
dog, because he can't hurt the moon."
And here the matter was dismissed
and the next order of business taken

#### RECOAD RUN

The Defiance Iron Works are turn-The Defiance fron Works are turning out some very fine and very speedy launches. One of these—measuring '21 feet six inches and having a beam of five feet six inches—is on exhibition on the river. A short time ago with a party of twelve on board the craft made the 20 mile run to the lighthouse in two hours and 21 minutes. It was thought that this would stand for a record, but yesterday it was surpassed when

that this would stand for a record, but yesterday it was surpassed when the run was made in two hours and eight minutes. This stands as a record for a four horse power engine propelling a boat of that size.

The officials feel quite elated over the success. Wm. Myers, one of the company's experts, was in charge of the engine, and Wm. H. Crow, a disinterested party, did the steering and timed the trip. The launch is by no means a racing boat, being thoroughly equipped for family use, making the record all the more enviable.

The company has a splendid exhibit at the Toronto Exhibition, in charge of H. H. Milburne, their Toronto representative.

Grit stronghold as this city, the general consent is that Haultain is being shamefully treated by the machine.
There is not the slightest doubt that
the opinion of the coming campaign
will see an astonishing rally of popular enthusiasm in this Province for the champion of Provincial Rights. The Liberal machine has done its best to make the issue a straight party fight, but already this attempt has miser-ably failed. It can be stated with absolute confidence that so soon as the fight opens some great surprises will be sprung upon Scott and his friends.

Takes Oath, Then Resigns. Ruthven, Sept. 6.—Frank McCharles of this village, one of the recently appointed customs department men, and assigned to Walkerville, handed his resignation to Dr. Smith, collector at Windsor, almost immediately after taking his oath of office. He found at the last minute that the remuneration was not what he supposed it was, and decided to remain here, where he has a fine farm and a good business.
