held at Court House, Kentville, on Monday, March 18th, at 2 o'clock p.m., The object of the meeting is to talk over the advisability of holding a county exhibition at Kentville this summer. It is thought Hants and Annapolis counties will be induced to join and if so the necessary initiatory steps will be taken toward securing the government grant.

Lexture.—Robert Motton, Esq., of Halifax, is to lecture this evening in College Hall, under the auspices of the Acadia Athenaeum, on "Lessons in Life." Mr Motton's reputation, both as a lawyer at the bar and as stipendiary magistrate of the city of Halifax, is well known; and as a lecturer his pleasing address, his able and eloquent exposition of theme have received much flavorable criticism. We would advise all who can to attend the lecture.

London Apple Market.—C. R. H. Starr, agent for Nothard & Lowe, received a cable from London yesterday morning saying: "Positively ship no more greenings, baldwins or vandemenest this season." This would signify that the above varieties have been keeping so badly that buyers will not touch theme even though they may arrive in fair condition, which is extremely doubtful after this date. The prospect now for russets, nonparells and other hard sortesis looking favorable.

Still they Come.—We desire to thank our friends who have helped us to swell the amount received for subscriptions this week. The Acadan is coming into favor every day and the many pleasant things said and written about it are very encouraging. Following is the list for this work: J. W. We the undersigned have used and sold all kinds of dyes, but have found none near so good as the "Excelsior" dyes; for which we can truly say that the "Excelsior" dyes are the best dyes that can be used. They are sold by all first-class grocers and druggists at only Seents per package, which is cheaper than other dyes, and they will also dye mero goods than any dyes we ever used; and a trial of a package or two will soon convince all that are interested in dyening. They will not fade like other dyes and besides give a most beautiful color, and they are so simple to use that any child can use them; and are comomical, brilliant and durable colors.
