The Worcester Board of Trade glee club, which is to tour Nova Scotia the first two weeks in August, has been organized more than 15 years. Few changes have taken place in the original organization, and their annual concert in their home city is as important an event as is the famous old Worcester music festival to which many of the musical people of the provinces go in the fall.

The organization was for a long time conducted by J. C. Bartlett, the favorite Boston tenor and teacher, and the critics of Boston do not hesitate in giving the club credit for being one of the best singing organizations in New England.—At College Hall, Wolfville, Tuesday evening, August 12th.
