The useful and fancy articles left from the sale by the Ladies of the Wolfville Baptist Church on Friday last are at Mrs. Dexter's millinery store, Main street, where they are for sale.

Owing to a number of the choir being away on Christmas Sunday the special music prepared for that occasion at St. Andrew's church will be rendered next Sunday morning and evening.

Calendars showing local views making a nice gift to send away, at the Wolfville Book Store.

Good progress is being made on the new town building. The roof was covered last week and the outside work is now well in hand. The building will be a commodious and convenient one.

Reserve next Monday evening for the play at the opera house. You will be delighted with the program rendered on that occasion by Wolfville's fair daughters. Reserved seats may be secured now at Rand's.

FOR SALE.—New Home Sewing Machine. Will be sold at a sacrifice. Apply at once to THE ACADIAN.

Preparations are being made for the erection of the new Royal Bank building in Wolfville next year. Plans have been ready for sometime and tenders are now being asked for. The building will be constructed of brick and stone and will be a handsome edifice.

On Sunday evening next, Dec. 17th, a service of Christmas song will be rendered by the choir of the Methodist church. On this occasion they will be ably assisted by Miss Edith Woodman, soprano, Mr. Fred Bishop, tenor, and Mr. Eldon Henshaw, bass, Silver collection.

FOR SALE.—Two houses situated on Gaspereau avenue. Apply to Miss G. B. Robinson.

The presentation of 'A Midsummer Night's Dream' in College Hall this evening under the auspices of the Y. W. C. A. of Acadia University promises to be a very interesting and attractive affair. Judging by past experience of this kind by the young lady students we predict a treat. No one who can possibly attend should miss this play.

'The Flower of Yaddo,' which will be presented next Monday evening in the opera house by the Wolfville Night will be too good to miss. We advise all who can possibly do so to be present. There will also be a Tamborine Drill by twelve clever young ladies, a humorous drill, 'Looking Backward,' by eight charming girls, a vocal solo by Miss Edith Woodman and motion pictures.

PIANO FOR SALE.—A Bargain may be had in a superior Mason & Rice Piano. Apply to B. W. CLEVELAND.

The sale and supper given by the ladies of the Baptist church in the school room at the Methodist church on Friday afternoon and evening of last week was a very successful and well arranged affair. The hall presented a very pretty appearance and the tables were attractively arranged and well patronized. The attendants were kept busy waiting on the large number who thronged the well laid supper tables. The net proceeds, we understand, was in the vicinity of \$375, which is to go towards the building fund of the new church.

Wedding Anniversary.

About thirty of the friends of Mr. and Mrs. Charles A. Patriquin, of this town, made them a pleasant surprise on Tuesday evening, the twelfth anniversary of their wedding. The company assembled at the home of Mr. and W. A. Reid, and proceeded in a body to the home of Mr. and Mrs. Patriquin and showered upon them their congratulations and best wishes. On behalf of those present Mr. J. O. Davidson presented a hand some rocker as a token of good will. Although taken very much by surprise Mr. Patriquin, in a neat speech tendered the thanks of himself and wife, after which their home was thrown open and a very pleasant social evening was spent. Suitable refreshments were served, and at a late hour the company separated.

Course for Provincial Land Surveyors in the Nova Scotia Technical College.

The Nova Scotia Technical College opened a short two months course in Land Surveying last year. This second year a general need that the same course is going to be given again this year during the months of January and February. The course opens on Wednesday, January 3rd, and closes on Saturday, February 25th. It is conducted especially for beginners who wish to qualify as Provincial Land Surveyors and for Mine Surveyors.

It is only a short time ago that the government passed a new act regarding provincial land surveyors which carried very strict regulations concerning their qualifications and examinations. The Technical College at that time provided a course which would be just suited to the needs of young men who wished to secure certificates as land surveyors and for those who were already surveyors and who wished to study the subject further.

The splendid surveying equipment of the Technical College in the way of transit, levels, etc., will all be available for, for this short course and a special instructor will devote his whole time to this work. The class will spend part of the time in lectures and recitations on the theoretical part of the work, but most of it will be spent outside in surveying and in the drafting rooms where maps of each piece of land surveyed will be drawn.

The course in the College is a very practical one. A man can learn how to make any ordinary kind of a survey much more thoroughly and quickly than by serving under a land surveyor, although he should follow up this course with practical experience in a company with or under the direction of a practical surveyor.

This course in surveying would be excellent for a road master or inspector or a young man who looks ahead to such a position when any comprehensive scheme of 'good roads' construction is carried out in the province.

The whole course of two months costs only \$1.00. Anyone who is interested in this subject should write to Principal F. H. Sexton, Technical College, Halifax, N. S., for a descriptive catalogue of the course.

The work at the last year was a great success and it is anticipated that a much larger number will attend this winter. A perfectly fitting gown is much admired by everybody. This is the kind we make. BOATES & Co.

Wolfville Public School. The number of pupils enrolled in the various departments is exhibited below: High School 59 Grade VIII 12 Grade VII and VI 49 Grade V 35 Grade IV 36 Grades III and II 50 Grade I 45 Total 344

The number attending High School is greater than in any previous year. The number in past years has fluctuated between 35 and 45. A noticeable feature of the High School enrollment is the fact that it is about evenly divided between boys and girls. In many of our High Schools there is a large excess of girls.

Last week there was an error in the order of names published in list of quarterly marks for grade XI. Violet Thorpe's name should have been fourth in the list, with an average of 64.
