

HAMILTON JOCKEY RIDES DETROIT HOME SECOND.

Young Hammond Helped Local Talent Make Money at 5 to 1 For Place.

PLAYING HIM FOR the place and show the local talent made quite a killing on Detroit, who finished second at Blue Bonnets yesterday. Jockey Hammond, son of J. W. Hammond, of this city, gave the horse a good ride, and would have won had not the horse been slightly stiff from an injury suffered a day or so before the race. The odds were 12 to 1, 5 to 1 and 3 to 2.

A mile and a furlong handicap and a quarter mile course were the features. The first-named went to Plaudmore, the favorite, in rather handy fashion, while the disappointment of the race proved Old Honesty, on which Guy Burns rode a slovenly race. Great Heavens essayed the early pace-making, and established a ten lengths lead in the first half, but began tiring perceptibly in the stretch. Plaudmore, which had been the closest pursuer throughout, drew into the lead in the last quarter, and only had to canter to the finish. Great Heavens, under a hard drive, taking second place, a neck in advance of Old Honesty. The latter under good handling would have given the winner a stout argument, and his showing yesterday should not be taken too seriously.

The steeplechase furnished a good contest for most of the way, the five starters alternating in the lead during some period of the trip, until passing the tenth jump, where Class Leader forged into the lead and appeared a certain winner until approaching the last hedge, where the light-weighted Daera rushed by him and won with a rider pleased. Manzano, coming with a rush in the last seventy yards, took second place. There was sharp support in the race for Sunglow, but he failed to show anything to warrant it. Calovra, hatched probably ran for the last time, as he broke down hopelessly after going over the last jump.

Martin Doyle, which has been showing to poor advantage in his recent starts, was well meant to-day, and made the medium of a betting coup in the closing dash. He went to the front with the barrier rise and led for the entire trip. Jeannette M., which had been closest to him throughout, re-

tailed second place from Quagga. After the finish H. G. Bedwell bid Martin Doyle up from an entered price of \$900 to \$1,605, but failed to get him. In retaliation for the bidding, Amos Turney deposited \$1,155 with the secretary, and claimed the Whistler, owned by H. G. Bedwell. The latter then claimed Jeannette M. for \$1,255. Summary:

The Commodore prizes for the sailing dingy and lawn bowling competitions will be presented by the Lieutenant at the Royal Hamilton Yacht Club dance on Friday evening.

Bobby Kerr will journey to Toronto tomorrow to compete in the 100 and 220 yards events at the Exhibition. Both are scratch events and Bobby should win them without much difficulty. His time at the Labor Day meet at Britannia Park of 10 seconds flat in the dark, and on a circular track without lanes, shows that he is in good shape.

The Royal Hamilton Yacht Club's season will close on Sept. 11th with a great muster of motor boats. The past has been one of the most successful seasons in the history of the club, and the officers intend to make the closing day a memorable one. Motor boats in both classes will race and first, second and third prizes will be given. The start will be made from the Beach piers at 3 p. m. for class "D," and at 4 p. m. for class "C."

The last dance of the season will be held at the Royal Hamilton Yacht Club tomorrow night. The orchestra has been augmented for the occasion.

"Land's End." J. W. Hammond's most reliable jumpers, suffered a broken leg by being kicked while in its stall early this week and had to be shot. Much regret is felt by members of the Hunt Club over the accident as "Land's End" was considered one of the best jumpers hereabouts, and was generally used by the new members of the club to find their seat on the hurdles.

The Sporting Editor has received the following query:

Dear Sir,—Will you kindly give the following information: What year did Edward Hanlan, of Toronto, win the championship of the world? Over what course, Tyne or Thames? Who did he defeat for the title? Who defeated Edward Hanlan and on what course?

From 1876 to 1884 Hanlan was all but invincible. During these years he defeated, among others, Wallace, Plaisted, Morris, for the championship of America in 1878, Courtney, at Hawdon, on the Tyne; Elliott, champion of England, in 1879, on the Tyne; Riley, at Tricket, on the Thames, for the world's championship, in 1880 and 1882.

In 1884 and again in 1885, Beach, Australia, defeated Hanlan, the former occasion being Hanlan's first defeat in the match race. Hanlan having returned from Australia, Twerner won the American championship from him at Troy, in October, 1885.

At the annual meeting of the Hamilton Gun Club, which was held on Tuesday evening at the Royal Hotel, the following officers were elected: H. A. Horning, President; J. J. Cline, Vice-President; Donald Wilson, Secretary; Fred Oliver, Treasurer; James Crooks, Dr. J. E. Overholt, and A. D. Bates, Executive Committee; Edgar Stuart, Field Captain; Captain E. V. Spencer, Referee; P. Thompson and J. Merriam, Auditors.

Jack Johnson is still a 2 to 1 favorite for the ten round bout with Al Kaufman to be decided at Colma this afternoon. This preference is due to the general belief that Johnson's cleverness will prove too great an obstacle for Kaufman to overcome. It is the opinion of many California experts that Johnson will fight on the defensive all the way, blocking and stalling, yet always looking for a chance to cop the big white man on the jaw with an uppercut. If Johnson carries the fight to Kaufman he will surprise everybody who knows anything about pugilism. He has never assumed aggressive tactics, even with little Burns. In Australia he is regarded as the greatest defensive fighter in the world, but the fact that he has never beaten a first-class man appears to have been overlooked. Looking over Johnson's ring record one may draw the conclusion that Kaufman is the most dangerous man the negro has ever tackled. In fact, California who have seen both men in training are beginning to concede that Kaufman has a chance to win. They say that Kaufman, an inch taller than Johnson and weighing the same, may cause an upset if he forces the fight with determined vigor, for Kaufman is a terrific hitter—a much more powerful puncher with either hand than the present champion of the world.

Then I turned around and sailed into him. I had him down on the floor and was punching him, when he sunk his finger nails into my eyelids and began clawing me. I pulled out a knife and slashed it across his hand. Then he released his hold. As he backed toward the grillroom entrance he drew a gun and covered me. Holding the gun in one hand he walked up and struck me several times with his billy. He asked the clerk who I was, and the clerk said he did not know. Then I went to my room.
