apacity for the position wanting many of far louder pretension evenue the current expenditure will not overtop it.

somed than it will be return the control of the substitute of the control of the substitute of the sub

eral, Mr. Wood, and his colleague Mr. Moore, have both been unseat Mr. Moore, have both been unseat-ed and disqualified on charges of bribery and corruption, immedia-tely preceding the recent election contest in the Colony. Their cases were the first tried of the sevenwhom petitions were fyled. As the charges against the remaining members are almost similar in their nature to those of the un-

able to make accounts fare it is difficult to see what there is on the right side. Since will be to cause a protracted session the responsibilities of ce Minister he has shown a ty for the position wanting may of far louder pretensions.

Newfoundland's Surveyor-Gen-

The Mext Contest.

As yet very little interest has been manifested in the coming for the recent of the several been manifested in the coming of the several meetings of the contest in the Contest, and the several meetings in the several meetings in the several meetings in the latter of the date of the Act was defined to by which will interest the latter of the several meetings in the latter of the latter o

must have taken a drop. Opponents of the government would wish you to believe that the old tariff yet remained, but such a crywill lead to a contrary opinion. A thorough reconstruction has been the result of the government of the government of the government of the province, handling the hard been made for the abolition of has been made for the abolition of the sound of his race, and intended to make according us a similar favor.

Mr. Foster does not expect a surplus this year. But motwith standing the reductions made he hopes to so reduce expenditure as to be able to make accounts balance on the right side. Since assuming the responsibilities of Finance Minister he has shown a capacity for the resistion's remarks, in reviewing the responsibilities of Finance Minister he has shown a capacity for the review of the sound for the potential of the
