#### To Our Subscribers

As we have stated from time to time, for the last two or three months, we are offering very beautiful Premium Pictures to all who remit their subscriptions. A number have kindly paid and received their premiums; but the great majority have not yet remitted. We earnestly desire that these will not delay any longer. We procured a great number of these beautiful pictures at a very considerable expenditure of money, in order to present them to our friends as a pleasing memento of their relations with us. We have them here in abundance, one for every subscriber, as soon as he sends in his dollar. Will you not remit now and receive one of these beautiful pictures?

This is the time of year when the greater number of the subscriptions are paid, and we should have a rush of remittances from this time forward. We have worked assiduously for our subscribers for a whole year, without making any very urgent requests for money. All this time, expenses have been going on; wages, rent, supplies and a hundred and one things have called for constant outlay, and now a winter's supply of fuel has to be laid in and other extra expenditures have to be incurred. To meet all this we only ask a dollar from each one, and are prepared to make a nice present to every one who sends his dollar. You surely cannot consider these conditions very exacting.

Send your dollar by mail; don't wait to come to Town or for anyone to come to you to collect it. The expense of sending a collector would not leave much of the collections, and it would be very unfair to expect to have the business done that way. Use the mails to remit; that is what the Postal Service is for. Rural Mail routes and all other improvements in the service are established for the greater accommodation of the people; to enable them to do business without inconvenience or loss of time. We shall be very much pleased if you will, without delay, take advantage of the mails to send in your subscriptions. Your premium pictures await you, and we are anxious to hear from you.

# The Charles Dalton Fox Ranch

Has Been Sold to a Syndicate Represented by Mr. A. B. Warburton and W. B. Prowse.

It is proposed to capitalize a Joint Stock Company with a Capital of \$625,000.

Mr. Chas. Dalton has sold to a syndicate his ranch complete, containing 20 pairs of breeding silver black foxes, and guarantees an increase of not less than 50 pups to be raised to the age of three months, for the year 1913. For every pup under this number he agrees to pay in cash to the above syndicate \$5000.00 of the purchase price, thus GUARANTEEING to the syndicate for the first year \$250,000 dividends on a basis of \$10,000 a pair, which in view of the prices being paid at the present time is a very conservative estimate.

### This Amount Represents Over 40 p. c. on the Capital Invested The First Year

This is the minimum estimate of dividends which will, we feel sure, be greatly increased, because instead of 50 pups there should be at least 75 come to maturity, and based on an estimate of \$10,000 a pair would net the syndicate the handsome sum of \$375,000 or 62 p. c. on the capital

#### The Terms of Purchase Are:

The Syndicate takes over the entire plant, good will and ranch of Mr. Chas. Dalton, comprising five acres of land with all equipment contained thereon.

The syndicate has a sole right of the use of the name "Chas. Dalton" in the Fox Ranching

Mr. Chas. Dalton to remain with the company as Ranch Manager for the term of one year or longer if required.

The syndicate has applied for letters patent to incorporate the Chas. Dalton Silver Black

#### The Provisional Directors Are: President Solicitor CHAS. DALTON A.B. WARBURTON W. B. PROWSE, Sec'y-Treas.

The Chas. Dalton breed of foxes needs no puffing as they hold the world's record for the price of a single skin, and also hold the world's record for a group of skins.

This Is The Best Proposition Ever Offered to Investors On P. E. Island

Shares will be issued at \$100 par value for a short time only, as it is expected that these shares will be worth at least \$200 in a short time.

10 p. c. of the subscribed amount must accompany all applications for stock (which in case stock not being allotted will be returned) the balance to be paid Dec. 1, 1912. \$225,000 of this stock has already been subscribed; of the balance of stock \$200,000 only will be allotted to Island subscribbrs, the remaining \$200,000 will be allotted to foreign investors.
