**HAIR REGENERATOR. This standard article is compounded with the greatest care. Its effects are as wonderful and as satisfactory as ever. It restores gray or faded hair to its youthful color. It removes all eruptions, itching and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean. By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong. As a dressing, nothing has been found so effective or desirable. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The compound is pure, and carefully selected for excellent quality; and I consider it the Best Preparation for its intended purposes." Price, One Dollar.**

**Buckingham's Dye FOR THE WHISKERS.**

This elegant preparation may be relied on to change the color of the beard from gray or other undesirable shades, to brown or black, at discretion. It is equally applicable, being in factually produced, permanent color, which will neither run nor wash off. Manufactured by F. P. HALL & CO., NASHUA, N.H.

**THE PEOPLE ARE THE BEST JUDGES. THE HIGHEST HONORS. THE DAY. LIGHT-RUNNING ROYAL. Ayer's Sarsaparilla. For Scrofula, and all scrofulous diseases, Erysipelas, Rosacea, St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the throat, Syphilis, Rheumatism, Lungs, Pimples, Pastilles, Boils, Blisters, Tumors, Itch, Tetter, Scald Head, Ringworm, Sore, Rheumatism, Neuralgia, Pain in the Head, Sides and Head, General Weakness, Sterility, Leucorrhoea, arising from internal obstructions, and Uterine diseases, Syphilis and Mercurotic diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood. This Sarsaparilla is a combination of vegetable alteratives—Sillings, Mandrake, Yellow Dock—with the iodide of Potassium and Iron, and is the most efficacious medicine yet known for the disease it is intended to cure. Its ingredients are so skillfully combined, that the full alternative effect of each is secured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease. The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness. Certificates attesting its virtues have accumulated, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alternative medicine. So generally is its superiority to all other medicines known, that we need do no more than to assure the public that the best quality of it has ever prepared or strictly manufactured.**
