The writer has been selling Perry Davis Pain-Killer now for the last 22 years, and can confidently recommend it to the public as a sure remedy for Cholera, Diarrhea, Sore Throat, Chronic Coughs, Broachitis, Burns, Scalds, &c. Have known it to cure a case of Syphilitic Sore Throat of two years standing, when all the usual remedies failed. The patient took half a teaspoonful in water three times a day and gargled the throat three times a day as follows: one teaspoonful in a wine glass of water, and used as a gargle. Yours, H. F. I have much pleasure in adding to the number of the numerous testimonials you have already received, as to the value of your-renowned Pain-Killer. I have sold it and used it in my family for twenty years or more, and have no hesistation in saying that it is the best patent medicine I have ever used for the purposes for which it is recommended; and, moreover, every person to whom I have ever sold it, has been perfectly satisfied, with it, and I know many persons who will not go to bed at night unless they are sure, there is a bottle of "Perry Davis" in the house. All who have used it once, will use it again; it makes friends and retains them.

It gives me much pleasure to state that during a drug career of more than a quarter century, I can testify that your justly celebrated Pain-Killer has not only held its own as a family medicine, but still occupies the front rank wherever duty calls it. My customers speak very highly of it, and I could send no end of testimonials showing up its merits and intrinsic worth, were it necessary, which it is not. It should, however, be called "Excelsion Pain Killer." I pride myself in never being out of it.

I have been using the Pain-Killer for many years with results that justly entitles me to recommend it.
