

THERE IS LITTLE DEMAND FOR COAL

Colliers at Lille Have Closed Down and Bellevue and Hillcrest Mines may also Cease Operations.

Frank, Alta., Jan. 3.—The Canadian American Coal and Coke Company shut down this morning. It is understood that the manager, Mr. Moore, is asking an advance in the price from the C.P.R. the latter's contract having run out. The C.P.R. declines to give the advance, and 225 men are out of work. The company's production has been 800 tons per day. The Canadian colliers at Lille shut down before Christmas, there being no demand for coal. It is reported that their mine at Bellevue will close today for the same reason. This throws out about 275 miners. It is also reported that the Hillcrest mine will close. Some fifty miners are at work there. The International Coal and Coke Company of Coleman have a contract with the C.P.R. for about 2,200 tons per day. They will continue working.

PRINCE ALBERT RECOUNT.

Count Opens on Appealed Votes—Few Put in Appearance.

Prince Albert, Jan. 2.—The investigation as to the validity of the votes challenged on behalf of Attorney-General Turgeon, and of J. E. Bradshaw, opened this morning before Judge Johnston. The election last October was rendered necessary by the elevation of J. H. Lamont, former attorney general to the bench, and both parties challenged the right of a number to vote. In all some 213 votes were challenged to the judge. Of this number, attorney general appealed 104 votes and Mr. Bradshaw 270. Judge Johnston held that his duty as outlined in the ordinance was to inquire as to the validity of the votes challenged, and not as to the truth of the statements made by voters. It looks as though only a small majority of those whose votes are appealed will appear. As the first eight called did not answer, Out of 26 votes appealed in Pelly subdivision No. 1, only a few appeared and two appeals were withdrawn.

WESTERN CANADA HAS A BIG RECORD

During the Year the Milling Capacity of the West has Increased by 15,000 Barrels Per Week. Leads Western Provinces in Increase.

Winnipeg, Jan. 2.—Western Canada has had a year of activity in flour mill building, probably the greatest in its history. No less than 15,000 barrel daily capacity has been added this year in Canada, and in the United States, this representing seventeen new mills and three enlargements, distributed as follows:

Table with 2 columns: Region and Capacity. Includes Northwestern Ontario (10,500), Manitoba (10,000), Saskatchewan (10,000), Alberta (1,250), British Columbia (1,250).

The fact that Western Canada has carried out such a large construction program this year shows that there is some warrant for the optimistic view of the future of the grain trade. In fact, the fact that Western Canada has carried out such a large construction program this year shows that there is some warrant for the optimistic view of the future of the grain trade. A GOLD REFINERY

To Be Established in Connection With Royal Mint at Ottawa.

Ottawa, Jan. 3.—An important announcement was made today to the effect that a refinery will be established in connection with the new royal mint. It is understood it will extract gold, silver and copper by an electrolytic process sufficiently pure to allow of coinage. It is alleged that it will be established by the Dominion government.

May Reduce Majority Slightly.

Prince Albert, Sask., Jan. 2.—During the day only 23 of 131 votes were dealt with in the Prince Albert election appealed votes. J. A. Allan, on behalf of the Liberals, withdrew five appeals, and of the other 18 heard eight were allowed, five disallowed and five reserved. The general question arising today was one of residence. Those who had entered on homestead duty had not taken up residence there on were allowed, and those who were doing homestead duty were disallowed. There is little likelihood that even half of those whose votes are appealed will appear. The 65 majority of Attorney-General Turgeon will be slightly reduced.

Divine Sarah, the Sleeping Beauty.

Paris, Jan. 2.—Sarah Bernhardt produced a novel piece last night in the shape of a lyrical fairy play, "The Sleeping Beauty," by Jean Richelin and Henry Chade. The music being by Francis Thomas. Mmes. Bernhardt and Judie in the principal roles were received with great enthusiasm.

THE FOUNDING OF CITY OF QUEBEC

Proposal for an Elaborate Celebration During 1908. The Purchase of Historic Battlefield.

Earl Grey's proposal that the tercentenary of the founding of Quebec by Champlain, which occurs during the present year, be marked by the erection on Cape Diamond of a colossal statue of the founder of the city, and the creation of a great national park, out of the adjoining battlefields of the 17th and 18th centuries, has attracted widespread attention throughout the whole empire. The proposal has attracted the attention of the government, and it is now being considered by the War Office. The project is to purchase the historic battlefield of the Plains of Abraham, and to erect a colossal statue of the founder of the city, and to create a great national park.

1700 STUDENTS TO BE ENROLLED

Public and High Schools Re-Open With Enrollment of 1000. Year's Prospects.

The public and high schools re-opened yesterday. The attendance, naturally after a holiday and at the beginning of the week, but about 1,600 pupils have already enrolled in the public schools. The number will probably be about 1,700 when the enrollment is complete. About the same proportion of the total enrollment of the new schools will be for the opening of the High School. Five new teachers have come on the staff to take the place of those resigning or to take charge of the new rooms that have been opened. The new teachers are Mr. Meneely, Missa Draper, Miss McCulloch, Miss Wright, the superintendent and supervisors in art and penmanship, physical culture, now numbers forty persons. Eight of these are males, and the others female teachers. Of these employees are and former graduates of a university. In addition to those who rank as first class teachers, there are five others with first-class certificates. The supervisors are teachers specially united to the work they have in charge.

WITNESSED O'BRIEN'S MURDER OF LECLAIRE

Man Confesses to Seeing the Crime Committed—Fared To Tell Because of Prominence of the Accused Man's Family.

Gretna, Man., Jan. 3.—The O'Brien murder case took another sensational turn at Gretna yesterday, when a man went to the gate detective, who has been handling the case, and confessed that he had witnessed the deliberate murder of Fred Le Claire by young Jas. O'Brien. The startling information was accompanied by this explanation: "I was so frightened when I saw Le Claire struck down that I could not speak and scarcely knew what I was doing. The more I thought over the crime, the more I feared I would in some way be involved if I told what I knew. The prominence of the family of the man I had seen commit the deed convinced me that unless my story was corroborated with evidence of the other guilty, I would not be believed. I therefore, kept my knowledge of the crime to myself until young O'Brien had not only confessed but until he had revealed the hiding place of the money, and supplied the other details of the crime, and the instigation of the crime where it occurred. The trial of the case will begin at 10 o'clock on January 7. It is not anticipated that young O'Brien will make any defence, but there is a possibility that his influential friends might do something of the kind. It is said for that reason the detectives are concealing the names of the witnesses.

FOREIGN AFFAIRS

Physical Culture Training. The work of Mr. Hutton is well known to the public of Edmonton, and needs no recommendation. The work in physical culture, which is in charge of L. C. K. Flint is now thoroughly organized. It is arranged on the basis of an eight year public school course of two equal divisions of four years each. The first four years is taken up with what may be called free gymnastics. It begins with an elementary training in sitting and standing positions, gradually to rhythmic and steady movement in marching with elementary training in turning, which forms the basis of the physical culture for the cadet work for boys, and figure marching for girls in the later standards. The most complete set of bodily exercises for the development of the muscles of the chest, trunk, neck and limbs is arranged for the first four years course. In the second half of the course, light apparatus work is introduced, in which weights and dumb-bells are used. The later part of the apparatus work for the girls consists principally of Indian club work, and for boys rifle drill with fixed apparatus work with rings, vaulting horse parallel and horizontal bars. The cadet work proper begins at the beginning of the seventh year. The superintendent has made application to the militia department for the authority to organize three cadet corps. A senior cadet corps for the high school, and one each for the McKay avenue and Queen's avenue schools. This number will be increased to four, when the Alexander Tyler school is opened. Owing to the want of indoor facilities at the High school the work in physical culture there at present will be largely limited to the spring and fall seasons, and will be chiefly outdoor work.

ARRANGED TO SUIT SEASONS.

The work in the public schools has been organized to suit the seasons. It is desirable that physical exercises should be executed outdoors to as large an extent as possible, and when they are executed indoors they should be done in the fresh air as far as possible. The programme for the physical culture classes, consists in opening the windows and setting the children to work.

NEW ZEALAND TO FIX BREAD PRICES.

Ottawa, Jan. 2.—Canadian Trade Commissioner Lark reports the introduction of a bill in the New Zealand parliament to prevent the price of bread and other commodities from mounting too high. By it if prices reach a point judged to be improper, a court of arbitration, the government may abolish the duty on the produce in question. The government may also after an interval of three months re-impose the duty.

CONSERVATIVE NOMINEE.

Toronto, Jan. 2.—The Conservative of South Huron nominated Henry Horton at Hensall today as candidate in the by-election for parliament. The election takes place on January 20th, nomination January 19th.

SMALPOX IN WINNIPEG.

Winnipeg, Jan. 3.—Another case of smallpox is recorded today, and there is talk of compulsory vaccination in schools. The Eaton Co. has decided to have all its seventeen hundred employees vaccinated at its own expense.

WANT FUND OF A \$100,000.

Ottawa, Jan. 3.—It has been decided to hold a meeting of representatives of all the Canadian Clubs in Ottawa tomorrow with a view to forming a fund of \$100,000 to be used for the conversion of the Plains of Abraham into a national park and for the erection of a monument to commemorate the reconciliation of the British and French races in Canada. The committee is called to legislate ways and means whereby the Canadian Clubs may raise a fund of one million dollars to supplement grants of the federal and provincial governments.

OPPOSITION TO LORD CURZON.

London, Jan. 3.—Considerable opposition has developed to the candidacy of Lord Curzon for the vacancy in the Irish representative peers caused by the death of Lord Kinneavy. Viscountess de Vaux and Lord Ashdown had already been nominated for the vacancy before Lord Curzon appeared, and they show little disposition to retire in favor of the candidate who has to contest in Ireland. The question of the eligibility of Lord Curzon for the title has also been taken.

PILOT TO MURDER DOWAGER EMPRESS.

St. Petersburg, Jan. 3.—The police arrested nineteen persons accused of a conspiracy to murder the Dowager Empress upon her return from abroad three weeks ago. The plot was of a most ingenious nature and the conspirators were certain of success. They inserted an announcement in the columns of Novoe Vremya of December 17th concerning "Maria Fedorovna as Romanova" and inviting her friends to attend her requiem mass.

HIS DEPARTURE DELAYED.

Montreal, Jan. 3.—George Kampf, manager of the Automobile Import company, was about to sail for Europe when he was charged yesterday with breach of promise by Nellie D. Blinham, a lady's tailor, who brought suit for \$12,000. Kampf was released on \$400 bail this morning and left for Europe.

COUNTESS YARMOOUTH'S SUIT FOR DIVORCE.

London, Jan. 3.—Countess Yarmouth's divorce suit will be heard in camera at the coming session of the divorce court, according to a decision rendered today.

MOUNT ROYAL PROBABLY LOST

C. P. R. Steamer With Hungarian Passengers from Antwerp Now 29 Days Overdue. No word of Her.

Montreal, Jan. 3.—The C. P. R. liner Empress of Britain, which reached Halifax last night, reports that she neither sighted nor heard of the Mount Royal nor had she received any wireless communication from other ships that they had seen the missing steamer. The Allan liner Pomeranian has reached St. John but has no news of the four-masted steamer said to be from Sable Island which it was hoped would pass by the Mount Royal. It is suggested that she was carried north of her course and may be heard from off the Irish coast. She is now 29 days out from Antwerp, and while hopes of her safety have not been abandoned, shipping men think the chance of her turning up is very slim. Every effort is being made to locate her and all the wireless stations are instructed to seek information from passing vessels. The Mount Royal is believed to have a local supply for thirty or thirty-five days. The four-masted steamer which was believed to have been the Mount Royal, is said to have been making Portland. The Mount Royal's passengers are mostly Hungarians.

RIOTING IN MUNICE.

Striking Street Railway Employees Stop Effort to Run Cars.

Muncie, Ind., Jan. 3.—Rioting was resumed yesterday on the streets of Muncie between the striking employees of the street railway company, which owns the street railway and inter-urban lines, and the police. The cars were stopped and the strikers started. At other points of the city, cars were stopped and the strikers were driven off. It is expected the troops, which were in readiness in Indianapolis, will be brought here.

OTTAWA FATAL COLLISION.

Ottawa, Jan. 3.—There was a fatal street car collision last night between a street car and a horse-drawn wagon on St. Patrick street bridge, where one man was killed and several persons injured. A car dashed head on into a freight car, and the horse-drawn wagon was crushed and smashed by the street car. One man named August Wauk, 52 years of age, was killed as he was working in a freight car. The driver of the car was badly injured. Mrs. Charles W. Kirsh and her mother-in-law were badly shaken up, while another woman was injured internally. The accident is unaccountable. The motorman, it appears, was looking round, and not paying much attention to the car. The engineer of the freight says he blew his whistle when the car was four hundred yards away.

WANT FUND OF A \$100,000.

Ottawa, Jan. 3.—It has been decided to hold a meeting of representatives of all the Canadian Clubs in Ottawa tomorrow with a view to forming a fund of \$100,000 to be used for the conversion of the Plains of Abraham into a national park and for the erection of a monument to commemorate the reconciliation of the British and French races in Canada. COUNTESS YARMOOUTH'S SUIT FOR DIVORCE.

London, Jan. 3.—Countess Yarmouth's divorce suit will be heard in camera at the coming session of the divorce court, according to a decision rendered today.

A MISSING RANCHER.

Sideby Villiers Brown Disappeared Last April, Not Heard of Since.

Winnipeg, Jan. 2.—Last April Sideby Villiers Brown, a young English man, engaged in ranching in the Calgary district, arrived in Winnipeg from England, where he had been on a visit. He registered at the Leland hotel where he remained until the 10th of the month. He paid his bill and so far as can be ascertained by recent inquiry has not been seen or heard of since by any of his friends or acquaintances. On May 8, someone called at the post office and left instructions to have Brown's mail forwarded to the Windsor Hotel, Lethbridge. Inquiry has addressed the fact that Brown never went to the Windsor hotel and the management of that hotel never heard of him. Neither can it be ascertained from the fact that Brown never went to the Windsor hotel, where he was supposed to be staying. It is reported that a policeman alleged he saw jump into the Assiniboine river at the Osborne street bridge, early in June, might be Brown, but the police say the description of the two men do not tally. In fact they doubt the story of the policeman who made the report. Brown had quite a lot of baggage and other goods with him when he came from England in the spring and an effort is now being made to trace these through the railway company. His travelling companion is also being searched for. Brown's father will arrive here shortly to assist in the work of locating the missing man or ascertaining his fate if dead.

Vancouver Re-lects Bethune.

Vancouver, B.C., Jan. 2.—Mayor Bethune was elected by acclamation for the second term. Objection was taken on property qualifications technically to all license commissioners and possibly the entire ticket of nomination will be thrown out. If this occurs all the acts of the commissioners for the last three years are illegal and subject to attack in courts.
