...Bulletin News Service. Rev. W. G. Fortune preached in the ...by-theater church, on Sunday ...morning last in the interests of his ...work as field secretary for the Al...berta Temperance and Moral Reform ...ogue. Taking for his text 2nd Samuel, verse 12, the speaker made a ...strong appeal for home and native ...land, showing how the whole wor...d was impelled by the continuous ...use of profanity and alcohol. ...Businessmen, he said, were ...awakening to the fact that business ...and booze do not work together, ...as proven by the number of brainy ...men who were becoming imbecille. ...In Canada \$19,000,000 a year was spent ...to keep the open bar with its infernal ...traffic, which produced more hard ...times than any drought, mildew or ...frost. Continuing the speaker said ...that no railway system in Canada ...could engage any but total abstin...ence, both on and off duty. Public ...safety demanded sober men in respon...sible positions. The league is form...ing branches in all the towns and vil...lages in the province. In the even...ing, after the regular church services, ...Mr. Fortune held a mass meeting in ...the Methodist church and a local ...branch of the league was formed with ...the following officers: Chairman, R. ...Walton; secretary-treasurer, T. J. ...Stacey; executive committee, Dr. ...Turner, W. Dunn, J. Galloway, A. M. ...Sutherland, Dr. Sweetapple, S. A. ...Dixon, with power to substitute new ...officers should any vacancy occur. The ...membership fee was placed at \$1 per ...year.

...At the last meeting of the town ...council it was decided to have a ...write-up of the town of Fort Saskat...chewan in the 1909 edition of "Oppor...tunities in Canada." It was further ...agreed that the C. M. R. was ex...empted from taxes in arrears for ...1907 and for the current year. The ...same action was taken in regard to ...the request of Major P. Aylen. The ...city fathers are still in doubt as to ...how they stand in the matter of the ...Fort Electric company and have writ...ten Emery, Newell & Bolton, of Ed...monton, for further information. ...The meantime the town sits in dark...ness. Dr. Arthur, of Vegrev...ille, believed that if the union were ...for the taking away of individuality, ...it would be a poor thing, but if it ...were for the purpose of strengthening ...the forces at work for the increase of ...Christ's Kingdom then it would be ...the best thing. Rev. Mr. Simons, ...absorption it would be an unwise un...ion, but if it were for the greater har...mony and definiteness in work it ...would be a good thing. Rev. Mr. ...Gold, of Leduc, thought it would be ...best if more time were given for the ...denominations to grow together. Rev. ...Mr. Fortune, field secretary for the ...Alberta Temperance and Moral Re...form League, spoke of what he had ...seen in earlier days in the two great ...denominations, and that those who ...were growing more alike, and how ...that they were preaching to men more ...from the sentimental, and thus were ...more readily moulding opinion. The ...union when it does come must come ...from these economic forces, and not ...at work in spite of social protest and ...then give his missionary experience, ...in which hard travelling, hospitality, ...opening fields and learning the forces ...of nature, each received its due share ...of attention.

...The Presbyterian congregation sent a ...subscription of \$17 to the Fernie ...church that had suffered so severely ...from the recent fire. On Wednesday evening Rev. W. G. ...W. Fortune, of Red Deer, field secre...tary of the Alberta Temperance and ...Moral Reform League, held a meeting ...in the union church. Considering how ...busy the season is, a goodly number ...of the friends of the late Mr. McDon...ald occupied the chair, and in his address ...the speaker showed how the business ...men of the country had suffered from ...the opening of social and western ...towns; also how family and social life ...suffered. A local branch of the league ...was formed with the following offi...cers: Chairman, Dr. A. R. Shedd, secre...tary-treasurer, A. M. Munro; execu...tive committee, W. H. Cammack, Fred ...Smith, David Penfold, R. H. Harrison, Jos. Al...ton and J. H. Shedd.

...Rev. Mr. Fortune left Thursday ...morning to work along the C.N.R. as ...far as Lloydminster. Mr. McLeod, of Equity, is visiting ...stock to Calgary about the first of Oc...tober, and also the National Manu...facturing Co., which has warehouses ...opening up a branch at Calgary and ...running their western business from ...that point instead of Red Deer.

...Wild strawberries were picked by ...some school children yesterday morn...ing, some being ripe, and some green, ...with also a few blossoms. Mr. John ...Wood also has a potato weighing two ...pounds. The above speak pretty well ...for the Red Deer district.
