\$25 in GOLD Given Away

The great "QUEEN LINIMENT" open to every Man, Woman and Child in Newfoundland. On the 1st of March, 1912, will be given away to the four or more successful winners of this competition the sum of \$25.00 in Gold.

We have on exhibition in the window of our Medical Hall, Theatre Hill, a rectangular box having an inside space as follows: length, 3 inches; breadth, 4 inches; height, 3 inches. This box is filled with Antihistamine Pills of about the size of a pea.

The competition is to guess as near as possible the number of pills contained in the box. The person guessing the exact number, or the nearest number of pills in the box, will receive for the first prize \$10.00; second prize, \$5.00; third and fourth prizes, \$2.50 each.

In the event of two or more persons guessing the same number, the amount of the prize will be proportionately divided amongst the successful winners. That rule will apply to all prize winners. Every person purchasing a bottle of "QUEEN OF LINIMENTS" whether in the city or outport towns, and mailing the outside green wrapper of bottle with the number of guess, together with their name and address, will have a chance of winning the grand prize.

Dispute About Site of Wharf.

Special to Evening Telegram. ST. JOHN'S, Nov. 16.—A stormy meeting was held here on Monday night to decide where the Government wharf should be built. The ballots cast showed a majority vote for Newtown. The Magroty Cove people are dissatisfied and say they only voted for fun. The North Harbour men are going round with a petition against it. But the place is paid for in Newtown and men are at work on it. This should end all controversy.

To-Day's News.

Special to Evening Telegram.

OTTAWA, To-day. The Speech from the Throne will open with an expression of gratification by the Duke of Connaught that he has been chosen to administer the affairs of the Dominion. It will also allude to the universal prosperity throughout the country and the increase in trade in Canada. In this connection will be noted the revenue for the current fiscal year which will be the largest in the history of the Dominion. It is understood that the Speech will contain references to the necessity of improving the highways of the country and that a bill upon the subject will be presented. The Speech, it is understood, will also indicate the immediate creation of a Tariff Commission, and will outline a vigorous policy in the matter of the construction of the Hudson Bay railway.

PEKIN, To-day. Yuan Shi Kai has accepted the Premiership and will assume office to-day. A free hand has been guaranteed him. Yesterday he received several Foreign Ministers. He intends to form a Cabinet and to secure the support of as many provinces as possible, and hopes gradually to win back the allegiance of the others. Sun Pao Chi, Viceroy of Szechuan, has been elected President of the Republic proclaimed there. Several other Viceroys have gone with the people, in the hope of influencing their provinces later to renew their allegiance to the Throne.

CHARLOTTETOWN, To-day. The result of two bye-elections yesterday means the defeat of the Provincial Government. The Cons., defeated Premier Palmer by 227. McPhoul, Cons., defeated Nash, Lib., by 224. The Government party has 13 members and the Opposition 12. Whether the Government will resign and leave the Opposition to form a new Government or bring on a general election is not known.

HALIFAX, To-day. The Provincial elections yesterday at Digby and Lunenburg, yesterday, were both carried by Conservatives.

PORT HOOD, To-day. Rumors are in circulation here that the C.P.R. has purchased Wagon Coal Mines and will operate them in the near future.

Keep Down Your Home Coal Bill.

Four Ways of Saving the Coal.

Take a strong paper bag such as is sent round from the greengrocer's and fill it with slack coal, soak it in water, close the bag carefully, and place it upon the fire, taking care not to burst the bag. In a few minutes it will have formed into a fine lump of coal which will keep the fire burning brightly for several hours.

Dissolve a large handful of common washing soda in half a gallon of warm water, throw this over about one hundredweight of coal and allow it to get thoroughly dry before using. This will make the coal burn twice as long.

Coal balls can be made by taking one bushel of small coals, one and a half of clay and two of sand. Mix with cold water to the consistency of mortar. Form into small balls and pile in a dry place. Do not use the balls until they have hardened and all the moisture has evaporated, but once quite dry they will keep a fire burning for a whole day after it has been lighted and allowed to burn up.

Get a few large knobs of chalk and lay them at the back and sides of a fire. They will harden and will give a lovely heat, and save a large amount as much as a hundredweight of coal.

Minard's Liniment Co., Ltd. Gentlemen.—In July 1905 I was thrown from a road machine injuring my hip and back badly and was obliged to use a crutch for 14 months. In Sept. 1906 Mr. Wm. Outridge of Lacchuette urged me to try MINARD'S LINIMENT, which I did with the most satisfactory results and to-day I am as well as ever in my life.

Yours sincerely,

Wedding Bells.

BENNING-CAHILL.

Last night at the R. C. Cathedral the marriage of Mr. R. Benning and Miss Nellie Cahill was solemnized by the Rt. Rev. Mgr. Roache. Miss Maud Costello was bridesmaid, Miss Mary O'Neil, flower girl, and Mr. W. H. Greene best man. After the ceremony refreshments were served at the residence of the bride's brother at Newtown Road. Many useful presents were received by the happy pair. Next Thursday they leave by the express for their future home at Grand Falls, where Mr. Benning is employed as a Postal Telegraph operator. The Evening Telegram wishes them many years of happiness.

A pretty wedding took place at St. Thomas's Church last evening when Mr. Arthur Cook, of the White Hills, led to the altar Miss Gertrude Skinner. The ceremony was performed by Rev. G. R. Godden, and the groom was attended by Mr. Tasker Cook, his brother, while the bride was assisted by her sister, Mrs. Hilda Cook. After the ceremony a wedding supper and reunion was held by the many friends of the happy pair at the residence of the groom's parents, and a most enjoyable time was spent. Both received many presents, both useful and valuable. The Telegram extends congratulations.

HEALTH RESTORED TO THIS FAMILY

Wife's experience with Dr. Chase's Nerve Food led to husband's cure.

"Since childhood I was afflicted with biliousness and sick headache," writes Mr. A. K. Van Wyck, Park Hill, Ont. "and as all the doctors' medicines and prescriptions failed to do me any permanent good, I had lost faith in all medicines. It was by accident that I came to use Dr. Chase's Nerve Food, for it had been recommended for Mrs. Van Wyck and did her so much good that she wished me to try it.

"I did so, and was surprised at the results. It is now three years since I discontinued the medicine and I have not had an attack of the old trouble. I hope that others may benefit by my experience."

The cures effected by Dr. Chase's Nerve Food are lasting because it builds up the system and removes the cause of trouble. 50 cents a box, 6 for \$2.50. All dealers, or Edwards, Bates & Co., Toronto.
