

THE NEW ATLANTIC CABLE.

While the first, second, and even third attempts were making to connect Europe and America, by means of a telegraph, the people of the two continents stood on the tiptoe of expectation. There was something so bold, so magnificent in the idea, and at the same time something so problematical in the experiment, that people at first looked amazed, then doubted if science, powerful as they knew it to be, would prove equal to the accomplishment of what it had undertaken.

THE EMPEROR AND THE ARMY.

Napoleon has been showing himself to the army at the camp at Chalons. The auspicious occasion was on the anniversary of the battle of Solferino, at which Frenchmen gave the Austrians a tremendous licking. The old Napoleonic policy of playing upon superstition and nurturing a faith in omens was evinced in some slight degree.

THE CHURCH OF SPAIN.

It would appear from cable advices that the priests of Spain are by no means satisfied with the new state of matters in the country. In particular they do not like the speeches made by some of the Republican members of the Cortes, who expressed opinions regarding religion which could not have been less than palatable to the most extreme free-thinker.

The decease of Gov. Raymond will lead to no sudden changes in either the Editorial or Business management of The New York Times. The many rumors of Editors selected, and changes to be made, are all without foundation in fact.

EMIGRATION TO THE UNITED STATES.—Statistical records show that in thirteen years ending in 1898, over two and a half millions of Europeans emigrated to the United States, the greater portion being from the British Isles.

Town and County Items.

Gold at noon to-day 187 1/2.

The crops in the neighborhood of Rothsay are said to be in a very backward state, and the grub in some old fields is making sad havoc of the wheat.

REMEMBER THE SWISS BELL RINGERS CONCERT.—The Alleghonians, who are now making their farewell tour, will appear here on Tuesday evening, June 29th. During their last visit to London, England, the London Times says:—"The delighted throngs who everywhere greet them, and the golden favors they receive, speak louder for the excellence of their entertainments than any encomiums of ours."

"GOOD HEALTH."—Such is the title of a new magazine, the second number of which we have received from the publisher, Mr. Alex. Moors, 21 Franklin-st., Boston. Its scientific articles are evidently written by men who understand the subjects of which they treat, and have not the slightest aversion of quackery.

Ontario Rifle Association.

This match was completed on Saturday. It was open to all members of the Ontario Rifle Association, and comprised the following prizes:—First, a Silver Cup, presented by His Excellency the Governor-General; second prize a Snider rifle and \$15; third prize a Snider-Enfield and \$10; fourth prize a Snider-Enfield and \$5; fifth, a Snider-Enfield; six prizes of \$10; ten prizes of \$5; four prizes of \$4. Ranges 300 and 500 yards.

Among the winners of prizes under \$10 were Lieut. H. J. of the Guelph Rifles, who made 29 points, prize \$5, and Alir d Strowger, of the Guelph Rifle Association, 29 points, prize \$5.

A meeting of the Council of the Association was held on Friday. It was unanimously resolved that Mr. Gzowski should be President for the ensuing year. On motion, Judge McDonald, of Guelph, was appointed Vice-President for the first Military District, Lieut-Col. Skinner for the second, Lieut. Col. Paton for the third, and Hon. John Sandfield Macdonald for the fourth.

It was further resolved that the next annual rifle match of the Association be held in Toronto, on the third Tuesday and following days in June, 1899.
