

The Philadelphia carpet trade is rapidly increasing in importance. There are 4,000 looms in that city, and each loom produces about one piece a week. A new process has lately been applied which greatly increases the brilliancy, variety and durability of the patterns.

In Mobile there are two twin sisters, who cannot be punished for any offence because neither can be identified. Recently one of these young ladies put to flight two dog catchers and a policeman. In court she proved to be her sister. A policeman accompanied her home to arrest the other, but on arriving could not tell which he brought and which had been there, and went away sorrowing without either.

### A Chemical Food and Nutritive Tonic.

Without Phosphorus no thought, say the Germans, and they might add, no action, since Phosphorus and the Compounds are known to be the motive power of the nervous and muscular system. They constitute more than half the material of the human body, being found in every tissue, and their presence is absolutely essential to nutrition, as they promote the conversion of albumen in the food into fibrine, which is the vitalizing agent of pure, healthy blood. They are now coming into universal use in Europe and America in the treatment of Scrofulous, Consumptive and Venereal diseases, which are caused by impoverished or poisoned blood; and in diseases of women suffering from irregularities, obstructions and exhausting discharges, in pale, puny children, and that condition of nervous and physical prostration resulting from bad habits, excessive use of stimulants and tobacco, and all that train of evils known as a fast life. The great reliability and promptness in its effects in immediately and permanently restoring the debilitated constitution has made DR. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES and GALENA a great favorite with the Physicians and Public. Sold at \$1.00.
