Over twenty-five years of careful attention to the details of both, along with a natural inclination to like and make a hobby of them, has built up trade quite unequalled in the smaller town in Ontario. Papers for every room in the house and for every purpose which paper is used, and a great variety of designs at each price. You should not buy before seeing our Samples and Values. Garden Seeds Gardening is the one big hobby of the "Boss," (fishing next), and the experience with different kinds of garden vegetables, has taught us which firm's seeds are the most reliable, and what varieties of each vegetable is the best. These facts and our selling seeds by the ounce or pound (cheaper that way), are sufficient reasons for you to plant this year "CAUGHELL'S GARDEN SEEDS," the kind that grow.
