BASEBALL.

FOUR FROM THE HAMS. The London ball tossers held a pleasant little affair at Tecumseh Park yesterday, it being their fourth picnic of the season with the Hams. The burlesque ball game put up by the latter was the only attraction, and proved very amusing, but not at all interesting or exciting. One would never recognize in this year's aggregation from the Sleeping City down east the old-time ball team from that place. There will have to be a sudden shake-up, or Hamalton will be making a stern chase with Port Huron for the tail-end of the bunch. There was a good crowd in attendance, but games like yesterday's exhibition are crowd-killers. The Hams of last year were a decidedly faster tot than the nine at present in vogue. The game started out nicely, and for a couple of innings it lookis snappy play was in order, but the fates were against it, and London started in to walk away from the visitors in the third, and from that time out it was a "sure thing." Both teams put up a poor fielding game, but the Harrs outdid themselves in this line, making several costly errors that looked like sure put-outs. Manager Chub Collins looked on pleasantly from the grand stand. It is understood that he will strengthen the Hams at once.

He will have several new men before the holiday games. Umpire McKeever, who was billed to officiate, failed to put in an appearance, and Lohman and Hardy worked the umpire system to-gether. They mixed things up about as badly as possible, but pulled through all right after a number of kicks had been registered from both sides. The was replete with pretty work at points. Hart's drive for a homer over the right field track, and Crall's long fly in the same direction were the fea-tures of the batting. A couple of douplays also enlivened proceedings fust a little. Strowger caught Mohler's liner, and with Doran's assistance Cope out at second, the London third baseman having sprinted for home. Radcliffe, at short, made a couple of fumbles, and Mohler failed to get a difficult hot grounder, sent in his direction. The score:

A.B. R. B.H. P.C. A. Mohler, 2b.
Hemphill, r.f.
Hart, 1b.

Time of game-2:10. Umpires-Lohman and Hardy.

WORCESTER FAILED TO COME. The game scheduled for this afternoon between London and Worcester was called off on account of the latter team being unable to come. A telegram was received at a late hour last night from Manager Leonard stating that Montreal would not release the Worcesters for the day, and that London might secure Toronto or Hartford. The Worcesters made a contract with the London management, who will make it interesting for them for breaking it. The next games will be on Queen's Birthday with Saginaw.

GOOD GAME AT CHATHAM. Chatham, Ont., May 21.-The thermometer climbed up a few pegs today, and as a result we had faster ball. The Grand Rapids team descended upon the Chathams, and neatly took their They, however, gave them a good game, and almost a shut-out. Chatham introduced a new shotstop today, and Donovan saved the whitewash from being administered by a a nice hit over the right field fence for a home run. Hagerman pitched a superb game. Hale, for Chatham, was effective, and at critical moments was very "heady." There was some fine fielding done by both sides. The score by innings:

Grand Rapids, Mich., May 20.—The Grand Rapids team won a doubleheader today from Port Huron and did it easily, the visitors simply being an aggregation of misfits, and at no stage today were they in the hunt. About 1,000 people saw the games in spite of the cold, and Manager Mitts feels that the game will draw when real warm weather sets in. The visitors had three ex-Grand Rapids players on their team, and fought hard, but they were outclassed. The score: First Game — R. H. E. #### MANILA'S HOPE.

Manila, May 21.—The interest as well as the hope of Manila is centered in the civil commission. The general public knows little of the details of the commission's programme, but there prevails the impression that it will establish a good civil government in the islands and that the inhabitants will soon enjoy the privilege of living under the laws instead of under individuals, that they shall have courts of equity and that native and foreign rights shall receive due con-sideration and protection. The native element is overjoyed at the prospect of civil authority and control

Agreement Reached and Bill Passed Its Third Reading.

No Exclusive Rights Have Been Ceded to Russia by Corea.

London, May 22.-In moving the second reading of the Australian federation bill in the House of Commons Mr. Joseph Chamberlain announced that a complete agreement had been reached with the delegates on the lines of the government proposals. The bili, he added, would provide that the right of appeal to the privy council should be maintained in every case where other than Australian interests are concerned, but where Australian interests would be solely and exclusively concerned, the Australian legislature should adopt any course it pleased.

"The government also asks," said Mr. Chamberlain, "that words shall be inserted giving the right of appeal to inserted giving the right of appear to the privy council in every case in which both parties consent." After declaring that the result had been achieved by a discussion of the friend-liest nature, the colonial secretary read a letter from the Australian delegates expressing their satisfaction and thanking him for having secured so

satisfactory a result.

The bill passed its second reading amid loud and prolonged cheering. RUSSIA AND COREA.

The parliamentary secretary of the foreign office, Mr. William St. John Broderick, stated that the British government had leased a site for a coal depot and naval hospital at the treaty port of Masampho, in Corea. This port, he added, is open to navigators of all countries, and the landing and storage of supplies for the Russian fleet within the site just acquired is to be governed by the existing treaties there. Therefore, and exclusive residual countries are considered in the control of the countries of the control of the control of the control of the countries of the control of the cont there. there. Therefore no exclusive right was ceded to the Russian government, and the treaty right conceded to British subjects were not to be limited by the agreements recently arrived at. The government also understood that an agreement had been made by which Russia undertook never to ask for itself or its subjects any concession on the Island of Koji, or on any of the surrounding islands, and the Corean government engaged not to allow any other government to rent or purchase land in the localities indicated.

MATAAFA MAY REVOLT. Unofficial advices indicate that Germany is likely to experience trouble in dealing with the natives of Upolu and Savali, Samoa. Mataafa expected to be rewarded with the kingship after German sovereignty had been extended over the islands, and is very much disgruntled. No surprise would be ex-perienced if a revolt should occur.
