The Grand Trunk has not yet decided to take any steps toward changing its present passenger schedule to Glenoe as asked in a communication from the London board of trade.

The railway last year changed its timetable on trains running to Glenoe, and finding it was all right the traffic did not pay for the amount of coal used by the engines, went back to the former time.

LABOR MEN OPPOSE DRILL IN SCHOOLS

Appear Before Board of Education to Protest—Instructor's Appointment Deferred.

There was more or less discussion at the regular meeting of the board of education on Tuesday afternoon over the appointment of Wm. Keats, instructor of the Seventh Regiment, to the position of physical training supervisor, as recommended by the finance committee, and the matter ended for the time being when the question was sent back to the committee.

Messrs. Keats, Norman and Sargent, of the Trades and Labor Council, appeared before the board to protest against the appointment of a military drillmaster. Mr. Keats said the labor men were not opposed to physical training, but resented military instruction.

Norman spoke in a similar strain, but Mr. Sargent capped the climax with the statement, "If the Seventh Regiment needs a bandmaster, and can't get along without this tin horn man, it had better support him. Militarism does not tend to make a man self-respecting and Canada needs responsible men more than soldiers."

"Slater was not engaged as a military instructor," advised Trustee Dr. R. W. Shaw, "but as a physical instructor. Even this was not satisfactory to the labor delegates, who were against the hiring of any man connected with the militia."

"A soldier is not a man," said Sargent. "I have been a soldier myself, and I know how degrading it is."

"These remarks are not in place here," interrupted Trustee F. H. Greenlees.

Even then Sargent insisted that the life of a soldier was degrading.

After much discussion the clause recommending Slater's appointment was sent back to the committee for further consideration.

Trustee Shaw's idea to provide half-hour outdoor classes in the large schools, in order to relieve the congestion, and to give the pupils more ozone than at present, was also referred back.

BARRED FROM SCHOOL BECAUSE OF POVERTY

Children Could Not Get Clothing From Parents.

TRUANT OFFICER'S REPORT

Says Non-Attendance Is Due to Lack of Funds—Female Teachers' Increase Referred to Committee.

A report by Truant Officer Weir to the board of education on Tuesday afternoon to the effect that a number of children did not attend school for the reason that their parents were poor to properly clothe them, hastened the trustees to appoint the chairman a special representative to the Charitable Organization to see what could be done in such cases.

The inspector advised that truancy had been reduced to the minimum. He had sent out ten written notices this month, but had no police court cases in hand.

The application for an increase of the public school salaries from \$800 to \$1,000 was referred to the finance committee. There are about 146 women teachers in the city.

Continuation Schools Illegal.

Ald. George H. Haney, in a letter to the board, suggested the establishment of continuation classes in the outlying schools to relieve the collegiate situation, but no action was taken. Inspector Edwards pointed out that carrying out of such a proposal was illegal.

"Wherever there is a high school where no fees are charged for the first year," advised the inspector, "we cannot have these classes."

The resignation of M. Beattie, of the public school staff, was accepted. A number of applications for positions on the staff were referred to the finance committee.

The appointment of J. W. Firth as science master at the Collegiate Institute in succession to F. A. Stuart, resigned, was ratified.

School Nurse Resigns.

The resignation of Miss Barbara Gilchrist, school nurse, was accepted. Miss Gilchrist intimated in her letter that the salary advance had not been particularly rapid, and that she was desirous of taking up special work. Steps will be taken for the appointment of a successor.

No action was taken on the appointment of a successor to the position of industrial teacher, pending a meeting of the Trades and Labor Council to be held on Wednesday, when it will meet tonight, when the matter will be taken up.

Trustees W. W. Gammage and L. H. Martin were appointed as representatives of the board to the new industrial bureau. The board accepted an invitation from the Lorne Avenue Mothers' Club to listen to an address on the subject of developing the children to be good citizens, to be delivered by A. W. Lyons, of the Men's Federation.

The salary of Ethel Rymill, secretary of the Collegiate Institute, was increased from \$500 to \$400.

A flood of letters from contractors seeking work on the proposed new schools, were handed over to the building and grounds committee.
