DECEMBER 20.

DECEMBER 20.

The sign governing this date is Sagittarius, the Archer, and the last sign of the Fire Triplicity. The planet is Jupiter, and the astral colors are green, red and gold. The birthstone is either a diamond or turquoise.

Children of this date are very fond of other children, and, this love should be fostered by parents and guardians. They show early that they are not merely attracted by personality for the lame, the halt, and the blind are always the ones who are singled out for attention.

These children are apt to be almost morbidly sensitive, and their feelings are very easily hurt. They require a constant expression of love require a constant expression of le from those who have the care of them, and whom they love.
