WILL PREACH SUNDAY

Rev. J. B. Ganong, general secretary of the N. B. and P. E. Island Sunday School Association, will preach in the Methodist church here on Sunday morning next and in the Presbyterian church in the evening.

GUESS AGAIN

The Tribune says the town by-laws were distributed on St. Valentine's Day by Policeman Jones. As St. Valentine's Day was Sunday, Feb. 14th, we are inclined to doubt the assertion of the editor of that paper.

Repeat it—Shiloh's Cure will always cure my coughs and colds.

MURRAY—ROBINSON

SUNDAY SCHOOL MEETING

A meeting in the interests of Sunday School work will be held in the Baptist church on Monday evening the 8th inst., at 7.30 o'clock at which an address will be given by Rev. J. B. Ganong, general secretary of the N. B. and P. E. I. Sunday School Association, closing with a conference on the best method of Sunday school work. Special music will be provided and a collection in aid of the N. B. and P. E. I. Sunday school Association will be taken up.

OPERA HOUSE

Queen, Ross and Long are still continuing to draw big houses at the moving picture entertainment. Tomorrow there will be a special matinee for the ladies and children to which admission will be only 5c. The manager of the Opera House has arranged to have special matinee pictures to show, suitable for the children. Doors will be opened at 3.30. Performance at 4 o'clock.

NO CRITICISM

The editor of the up-town calamity sheet has had a copy of the town by-laws for nearly a month and as yet has not been able to discover anything therein, upon which to exercise his massive brain and relieve his pent up powers of criticism. In acknowledging the receipt and perusal of the by-laws he makes the threat that he will in future dates tell his readers of the citizens who break the laws. We might remind him of the old saw about people in glass houses etc. as if all his ills are true, he has not always lived since he came to Campbellton, and file straight and narrow path he wishes to imply is his.

MEETING TONIGHT

The general committee in charge of the Y. M. C. A. work will meet tonight at 7.30 in Murray's Hall. A full attendance is requested.

BATHURST VILLAGE FIRE

A fire at Bathurst Village on Wednesday afternoon did considerable damage to a house owned by Samuel Melanson.

WAS NOT FINED

Frank Werner, who was assaulted and whose costume was set on fire while leaving the rink wishes us to correct the statement that he was drunk also that he was fined. He struck the other party in self-defence and was perfectly justified in the action.

COPY OF JUDGMENT RECEIVED

We have received the full text of Judge Barker's judgment in the case of Crockett vs the Town of Campbellton and will publish same in a later issue.

STILL BEING DISTRIBUTED

Our local contemporary appears very much distressed over the fact that the new town bye-laws are being distributed among the ratepayers. He admitted that even the Tribune was not overlooked in the distribution about two hundred copies of these by laws had already been given out from the Town Clerk's office to ratepayers who had called for them, but it appears that the Tribune man was not one of those who had called for a copy, although he had been trying to criticise them in the columns of his paper long before he had ever seen them or knew anything about them; in fact long before they were ever written. They are now being distributed a few each day, as the officer's time will permit in order to accommodate ratepayers who are anxious to receive them but who may find it difficult to call for them during the clerk's office hours.

## INDIGESTION IS SLOW STARVATION.

Food is to the human body what fuel is to a furnace. Without the aid of food the body starves and dies, just as a furnace fire dies, grows cold, when not supplied with fuel. Undigested food decays. So long as it lies in the stomach it is fermenting—giving off noxious gases and acid fluids that poison the blood and flow with it all through the system.

You cannot be healthy in such a condition. You must surely lack the snap, the energy of mind and muscle, of brain and body, which are necessary to the enjoyment of life's good things—its work and play. There is no enjoyment for the man or woman whose stomach is out of order.

When your food fails to supply nourishment through rich red blood you are being starved in muscle and nerve—starved as truly as the man who has nothing to eat—only yours is slow starvation.

Mother Seigel's Syrup, the great remedy for indigestion, has had 40 years of unvarying success all over the world. By aiding the organs of digestion to perform their work naturally, it has given health and comfort to millions. We have thousands of letters attesting such cures. Here is one from—

Mrs. James A. Placey, of Ulverton P. O., Drummond Co., P. Q., who writing August 27th, 1908, says:—For over ten years I have been troubled with nervous headaches, without obtaining any relief from prescriptions. I was advised to try "Mother Seigel's Syrup," and the trouble ceased after taking a course of your valuable preparation. 22-08

MILD WEATHER

Fine mild weather today and the snow is settling rapidly.

YOUR NERVES ARE WEAK

You sleep badly, appetite is variable. You eat but gain no strength. Morning tiredness makes you wish for night. When night comes, refreshing sleep is hard to obtain. You're run down, your blood is thin and watery, your nerves have grown weak the thought of effort wearies you. You need Ferrozone; it makes blood—red strong blood. An appetite? You'll eat everything and digest it too. Strength? That's what plenty of food gives. Ferrozone gives hope, vigor, vim endurance. Use Ferrozone and get strong. Results are quick—cure is lasting. All dealers in 50 c. boxes.

SHOT AT DOG

A young man at Jacquet River fired a shot at a dog on the road. A young man walking along the road thought that the shot was fired at him and had the young man arrested. Explanations followed and he was allowed to go.

AWFUL CRIME OF AN INSANE WOMAN

REGINA, Mar. 2—Mrs. Wm. Finlayson this morning murdered her three year old son Warren, and then committed suicide during insanity brought on by illness. Finlayson left the house at seven to open his store, and when he returned for breakfast found the body of his wife and son in a tank located in the basement. The woman had thrown the child in and had then crawled through the small space between the top of the tank on to the joists and drowned herself. Mrs. Finlayson was 27 years of age and came west to Regina two years ago from Seaforth.

## Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with
