J. & O. A. HARQUAIL COMPANY,
(LIMITED)
CONTRACTORS, — PLANING MILL, — BUILDERS.
DRY KILN, DOOR AND SASH FACTORY
CAMPBELLTON, N. B.

REAR BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.
MAIL ORDERS.
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Wholesale and Retail Dealers in:
CEMENT, LIME, COMMON, PRESSED, AND FIRE BRICKS, ROCKWALL, PLASTER, FARM TILE, DRAIN TILE, AND FITTINGS, NAILS, SPIKES, PAINTS, OILS, VARNISHES, STAINS.

Our Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.
Office Hours—8 A. M. to 4 P. M.

THE CARELESS SMOKER
is apt to be equally careless about taking out fire insurance for the protection of his property and family as well as his own fortune. A careless smoker does not pay, at the bankruptcy courts show daily. Better to set aside a small, very premium for our fire insurance policy. That's safer!

P. M. SHANNON
Real Estate & Insurance

WHEN YOU WISH TO WRITE
a friend you want the note paper and envelope you use to be expressive of your own personality. That sort of paper we can supply you with, if you will come here and make a selection from our large stock. You can afford to write on inferior paper and envelopes. Choose from ours.

Andrew's Book Store
CAMPBELLTON, N. B.
Opposite Subway.

PUBLIC MEETING FAVORS BUILDING

Town Needs Fire Station and Council Authorized to Have Plans Made.

The public meeting held in the council chamber Friday evening last was very well attended and many speakers addressed those present. All were unanimously in favor of the erection of a Fire Station, but there was some argument as to the most desirable available site.

Some favored the erection of a combination building to house the Town offices as well as the fire station.

The meeting authorized the council to procure sketches of both kinds of buildings from Mr. Peter Blythe, and the estimated cost together with proposed sites which will be laid before another meeting of the ratepayers which will be called shortly.

SIR HERBERT AMES FINANCIAL DIRECTOR

Ottawa, August 12.—Sir Robert Borden has offered the post of financial director to the permanent secretary of the League of Nations, at Geneva, Switzerland, to Sir Herbert Ames, M. P., Montreal.

Sir Herbert, who has accepted the appointment, will be a sort of financial minister of international economy. He is to prepare the budget, present the estimates at the annual meeting of the League Council, arrange collection of assessments, supervise the expenditure of the secretariat and bring into operation a pension system for the league's staff.

Only a Few.
"Everybody knows about it. Some people take her part and some take her husband's part."
"And I suppose there are a few eccentric individuals who mind their own business."

CIVIC ADDRESS TO PRINCE OF WALES

Meeting of Town Council Tuesday Evening To Decide—Other Business.

A meeting of the town council was held Tuesday evening. His Worship Mayor Murray in the chair, with Councillors Bissett, Matthews, Dickie, Ingram, Devereau, McKay and Campbell present.

Minutes of previous meeting read and confirmed.

A communication was read from the City Clerk of Fredericton, in reply to an enquiry, from our town clerk as to the manner in which Fredericton is handling the government's housing scheme in that city. The City Clerk stated Fredericton had not taken advantage of the Government's housing scheme. Placed on file.

A communication was read from the Eastern Securities Co., offering to sell \$2,000 worth of a per cent. Campbellton debentures, falling due in August 1921, at 75. Placed on file and Clerk instructed to acknowledge receipt of communication stating no money now available for this purpose.

A communication was read from a St. John man who wanted to arrange a ten round boxing bout in Campbellton for the benefit of Mrs. Jack Clemmings and her five children. After much discussion on the subject the Council decided it could not grant the request.

There was one tender received for the putting in of a storm sewer on Roseberry and Minto street. This was from Mr. Jos. Caporecco who agreed to do the work at \$2.50 per linear foot, and \$40 for manholes. Referred to Water and Sewerage Committee.

A petition was read from the residents of Duncan street praying that that street be extended through the George Duncan property. This petition was referred to the Public Property and Streets Committee and to the Special Committee who now had the matter under consideration.

Seven-livery stable licenses were ordered granted. Also a license to conduct a barber shop.

The usual monthly departmental accounts were passed and ordered paid.

Mr. Scott was given permission to install a gasoline tank on Roseberry street, tank to be of approved design.

Mr. James Hanes was heard before the Council. He asked for permission on behalf of the Labor organizations also the G.W.V.A. to put on a street parade, etc., on Labor Day, also to hold sports and games, and asked for the co-operation of the Council in making the Celebration a success. Councillors Devereau, Dickie, McKay and Bissett spoke upon this question heartily approving of the efforts of those having in charge the arrangements, and on motion the Council pledged hearty support, and co-operation. His Worship appointed all councillors present a committee with whom the Labor Organization could confer, and appointed Councillor Ingram Chairman of this committee.

The town clerk read the motion passed at the public meeting called for discussing the desirability of erecting a fire station. Councillors Matthews, Ingram and McKay were appointed a committee to see that sketches for a fire station building, also for a fire station and town offices were prepared, and to get approximate estimates on the cost of erection and to report to the Council.

The town clerk was authorized to have the by-laws relating to motor vehicles and livery stables printed in order that those interested may be supplied with a copy thereof.

His Worship notified the council that the rock crusher was now being tested out. The crusher breaks rock into four sizes, and was working admirably.

The Street Committee was given authority to fix up Duncan Street East to the Chamberlain line, and to procure a deal from Mr. A. F. Chabert, for this land, so that the street may be extended and water and sewerage placed thereon.

Councillor Bissett brought up the matter of an old private sewer which was causing the residents in the neighborhood of Gerard street much annoyance. The town clerk was instructed to write the Board of Health Inspector with reference thereto.

His Worship the Mayor notified the Council that he had received a letter from the excavator sold to an Ontario Co., had reached its destination and was being unloaded, and that a cheque of \$6,000 had been received in payment for the excavator.

Councillor McKay brought up the two Oil Companies having several hundred empty oil and gasoline barrels piled up upon their ground. This he considered quite dangerous to adjacent buildings in case of fire occurring. The Fire Committee was instructed to investigate the matter and report to Council.

Just before adjourning His Worship reported that he had prepared a suitable address to be presented to His Royal Highness the Prince of Wales on behalf of the citizens of Campbellton, on his arrival in St. John.

DEMONSTRATION NOW PLANNED

Campbellton Will Have Celebration on Labor Day—Citizens Asked to Take Part.

A demonstration is to have a big time on Labor day.

At least that is what is being planned by the Campbellton citizens to celebrate their object.

It was known a meeting of a number of citizens was held in the G. W. V. A. rooms Monday. It was suggested that a monster parade be held in the morning with horse races, baseball and sports in the afternoon and fireworks, motor boat procession, etc., in the evening.

Prizes will be given for various events.

Another meeting of citizens is called for Friday evening, the 15th inst. At least that is what is being planned by the Campbellton citizens to celebrate their object.

It is hoped a large number of citizens will be present.

Campbellton not many years ago was ahead of any other town in the Province in the way of celebrations. Let us get together and show other towns that we have not fallen behind. A Big Labor Celebration is proposed. Big parade, beautiful floats for which prizes will be given. Trades, Labor, manufacturers, Millmen, Railwaymen, Returned Men and everybody else. We have not had a Soldiers' Day in Campbellton, all other incorporated towns have, so let the citizens do what they can to make it a big day.

Automobile and motor boat owners—specially invited to attend. Come along and boost the celebration. It will bring hundreds of visitors to our town.

HON. P. J. VENIOT IN ACCIDENT

Auto Went Through Railing of Highway Bridge—Miraculous Escape of Party.

FREDERICTON, Aug. 13.—Hon. Peter J. Veniot, Minister of Public Works, was in an automobile which crashed through the railing of a bridge over the Little Nocton stream, near Peterborough, Queens County, this morning, and dropped upside down on a pile of logs in the almost dry bed of the stream. The accident happened about noon while the minister was en route from here to St. John. By almost a miracle, injuries which were suffered by Hon. Mr. Veniot and the other members of the party were not of a serious nature, but the car was badly smashed.

With Burton M. Hill, chief highway engineer, driving the car, Hon. Mr. Veniot left Fredericton this morning, accompanied by Harvey Mitchell, and Tilley Maxwell. The bridge where the accident occurred is at the foot of a steep hill down which they coasted, and it is believed they were running at too fast a speed to make the required turn, which caused them to crash through the railing.

Another auto party coming along soon afterwards found the wrecked car turned upside down on a pile of logs in the bed of the stream some fifteen feet below the level of the bridge with four of its occupants pinned under the wreckage. They were extricated and later it was said that their injuries consisted of some painful bruises.

PLANS FOR BAZAAR AND BIG FAIR

Attractive Features at Skating Rink Next Week—In Aid of Hotel Dieu.

Plans for the Bazaar and Fair in aid of the building fund of the Hotel Dieu Hospital are all completed and give promise of an attraction which will be of more than ordinary interest. The skating rink is being fitted up for the event—See adv. and posters for particulars.

"MICKEY" THE EXPRESSIVE PERSONALITY

Every human emotion, every element of life, Mabel Normand portrays with such genuine artistry as only so convincing and unforgettable a person as Mickey can inspire.

So true and real in her charming portrayal of this famous personality, that the audience lose themselves completely in her fascinating appeal.

She brings tears to the eyes at one moment and at the very next has her audience roaring with laughter. She registers equally well scenes of the broadest comedy, of tense dramatic interest and in addition, performs broadest farces, stunts that will thrill a whole nation.

Her quick, expressive eyes and mobile countenance respond to every mood and Mickey becomes a living, breathing personality, vivified by the undisputed ability of this adorable creature. Her peerless characterization will immortalize the name "Mickey".

Mickey runs the gamut of every human emotion, expressed with mastery and sincerity never before equaled.

SERIOUS ROW AT SHIVES ATHOL

Two Men were Shot and One Hit on Head With Bottle.

A serious row took place at Athol Tuesday evening, and as a result two men are in the hospital with gunshot wounds in leg and thigh, and another with a serious wound on the head as a result of being struck with a bottle.

The trouble started after a wedding. The wedding party had left by the Ocean Limited, but those remaining behind decided to have a dance.

Things were pleasant until some of the young men became intoxicated and started a row, which was soon a general mixup, and to fight the rowers and restore order a gun was produced and fired, hitting one man in the legs and another in the thigh. Another man was hit on the head with an empty bottle and severely injured. The three injured men were brought to the Hotel Dieu Hospital for treatment.

Residents of Athol say that there is frequently no observance of the prohibition law in that district and free saloons are a weekly occurrence.
