Sheep and lambs—Receipts, 1,400; fairly active and steady; unchanged.

## NERVOUS BREAKDOWN

Usually Due to Overwork and Worry—A Tonic is Needed.

Overwork and worry give rise to nervousness, headaches, lack of ambition and lack of interest in your work, weak back, indigestion and sometimes a complete breakdown of the nervous system. On every hand you find victims of this kind and often they do not know what to do for themselves. If these are your symptoms you need a tonic, and the only way to tone up the nerves is through the blood. Dr. Williams' Pink Pills are a direct nerve tonic because they enrich and build up the blood, and it is through the blood that the nerves are fed. Under their tonic influence nervousness, with all its attendant evils, disappears, and the worried sufferer again enjoys health and strength. Proof of the value of Dr. Williams' Pink Pills in nervous troubles is given by Mrs. Lara Scheving, Lundar, Man., who says: "I was attacked with nervous trouble which almost drove me to distraction. I would be almost impossible for words to describe my condition. The least thing would startle me and leave me trembling for an hour. I had nervous headaches, and slept very badly at nights, some nights not at all. My appetite grew poor, and I was really a physical wreck. I had been to several doctors and had taken many different medicines, but without any benefit. Then I read of a case similar cured by the use of Dr. Williams' Pink Pills, and I sent for a dozen boxes, fully believing it would take at least that many to cure me. You can judge of my gratitude, however, when I found that after using only half a dozen boxes I was again enjoying the best of health, and have since remained well and strong. I used the remainder of the pills among my children when they seemed out of sorts, and have found them at all times to be the very best of family medicines."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## Schooner Goes on Rocks.

Alpena, Mich., August 27.—The 50-ton schooner John Larsen, bound from Sarnia River to Sarnia with lumber, was wrecked on a rocky ledge at the south-east end of Thunder Bay Island Monday night. Five lives were in danger for a time, but remarkable work on the part of Captain Parsons and Thunder Bay Island life-savers averted a tragedy. The Larsen is a total loss, but it is believed that part of the cargo of lumber can be saved. The Larsen became water-logged early yesterday and floundered about the lake under a heavy wind all day. When she struck the island she was already partly filled with water. A great hole was torn in her as she hit the rocks and a veritable torrent of water poured in. Mrs. Thomas Swanson, wife of the captain, with her two children, were lying in their berth in the cabin, while the husband and brother struggled with the rushing water and were washed about the cabin for several minutes before she could again get her arms around them. The waves continued to beat on the craft, and the life-savers reached the sinking boat just in time to save the little family from drowning. Although there was a life-boat on the vessel, the men were so exhausted after the long struggle that they could never have guided it through the perilous rocks and breakers about the point where they struck. The life-savers experienced great difficulty in reaching the Larsen, the surf boat just missing the jagged points of the rocks many times. The Swansons were taken to the life-saving station and will be kept there until they recover from the shock of their experience.

The lighthouse tender Amaranth and the life-saving crew will make an effort to save the Larsen's cargo. Every Line is Interesting.

The Weekly Globe and Canada Farmer have evidently found the secret of perpetual youth. After sixty-eight years of untiring faithful services devoted to the upbuilding, and shaping the fortunes and destiny of the Dominion, it still continues to set the pace in the field of weekly newspaperdom in Canada. It has always aimed at the highest standards, and proven itself to be a most reliable national and home newspaper. The agricultural interests and general well fare of the nation have been and are still in the broadest sense of the term, its chief concern.

In order to maintain this premier position and keep abreast of the phenomenal development and growth of Canada, The Weekly Globe and Canada Farmer has increased its facilities and perfected its mechanical equipment. Apparently nothing has been left undone to make

every detail from the gathering of the news, to the delivery of the paper to the reader complete. The Outlook (New York) was pleased to say in a recent issue, that it is now one of the most complete newspaper plants on the Continent.

The staff has also been increased that the improved facilities may be fully utilized. Full and accurate synopsis of the world's news written by trained men, who know how to say what is necessary in the fewest words; original and carefully edited articles; special contributions from leading writers. Miscellaneous reading of the very highest standard are features which make it the leader among Canadian Metropolitan Weeklies. Every department pulsates with vitality.

The four pages of bright pictures on calendar paper is in itself equal to fifty-two of the ordinary premiums given away each year by some papers.

Very favorable arrangements have been made with the Weekly Globe and Canada Farmer whereby our readers can have it in combination with this paper on remarkable favorable terms.

Sample copies will be sent to any address by making application either verbally, or by card to this office.

## Johnson—Godley.

A very pretty home wedding took place Wednesday evening, Aug. 14th, at the residence of Mr. Philip Johnson, Regina, Sask., when Miss Bessie Audrey Godley, of Sarnia, Ont., was married to Lotne Ward Johnson, of Wyoming, Ont. The Rev. Mr. Lewis conducted the marriage ceremony. The happy couple will reside in Regina. The bride was the recipient of many beautiful presents. Miss Godley is the daughter of Mr. and Mrs. W. B. Godley, of Sarnia.

## Hyslop—McDonnell.

A pretty house wedding was celebrated at the Moose, Arkona, on Tuesday, August 13th, when Miss Kathryn McDonnell, one of Theford's popular young ladies and daughter of Mr. and Mrs. McDonnell, of Theford, became the wife of Mr. Robert Hyslop, of London. The ceremony was performed by the Rev. A. W. Hare, in the presence of a few friends. After a pleasant little dejeuner at the home of the bride, Mr. and Mrs. Hyslop left on the 2.44 p.m. train for points east. They will reside in London.

## The Redistribution Bill.

The following are the figures of the representation as it will likely stand by the next redistribution bill:

	Next Election	Last Election
Ontario.....	82	86
Quebec.....	65	65
New Brunswick.....	12	13
Nova Scotia.....	16	18
Prince Edward Island.....	3	4
Manitoba.....	15	10
Saskatchewan.....	16	10
Alberta.....	12	7
British Columbia.....	13	7
Yukon.....	1	1
Total.....	235	221

This will mean 14 new members for the next House.

## THE WESTERN FAIR

September 6th to 14th, 1912. The management of the Western Fair have been very fortunate in being able to secure such favorable railway rates. The territory to which the rates apply all roads extend as far east as Kingston and west to Port Huron and Detroit. The single rates fare will go into effect the opening day of the Exhibition, Friday September 6th. There will be three special excursion days, Tuesday, Thursday and Friday, September 10th, 12th and 13th, when only two thirds of single fare plus 25c will be charged. All tickets are good to return up to Monday, September 16th. This should afford a splendid opportunity for those having friends in London or vicinity to visit them during the Exhibition. This year will afford the opportunity of a lifetime to hear the famous Besse's o' th' Barn Band. This is one of the finest brass bands in the world. They have appeared by Royal Command before the King and Queen at Windsor Castle. They have toured the world twice. On their last trip during the years 1909, 1910 and 1911 they travelled 46,000 miles and gave 526 concerts. All lovers of music should not fail to hear this famous combination. There will be many new features this year, particulars of which will be given later. For privileges of any kind, prize lists, entry forms or any information regarding the Exhibition apply to the Secretary, General offices, Richmond St., London, Ont.

## Thousands Made Homeless by Floods in England.

London, Aug. 28.—Rain, which has been deluging the United Kingdom almost constantly since the beginning of the month, ceased in most parts of the country to-day, and the outlook generally is fairer. The plight of Norwich, however, has become worse, the rapid rise of the Wensum having compelled hundreds of inhabitants to forsake their dwellings and to seek refuge in the higher parts of the city, where they temporarily are being accommodated in the schools.

A telephone message received from Norwich early this morning says it is estimated that 7,000 people have been driven from their homes by the floods. The water has risen in some parts of the city to 13 feet. Police in boats, provided with ladders, are constantly patrolling the flooded district for rescue work. The authorities are doing their best to provide food for the homeless people. Many animals have been drowned by the floods. The streets presented a weird appearance last night, the only light being those of

It's but seventy-two years since the first photographic portrait was made in America—a picture of Miss Dorothy Catherine Draper—made by her brother, Professor John William Draper, of the University of the City of New York. It took an exposure of five minutes in the full glare of the noon day sun.

To-day it takes but a fraction of a second, even in the softly modulated light of a studio. Clever photographers and fast plates and lenses have made having your picture taken a rather pleasant experience these days.

MAKE AN APPOINTMENT NOW.

Aylesworth's Art Studio.  
WATFORD.

torches and candles. Fire brigades are busy pumping the water from the electric and other works.

Fears of a famine of drinking water are held, as the machinery in the water-works is flooded and useless. Even the precincts of the cathedral are under water. Trowse church has three feet of water in the nave, and some of the grave-stones have been swept away.

In Monday's hurricane one train from Yarmouth to Norwich took seven hours to make the journey of 25 miles.

## From Old Subscribers.

Geo. S. McKenzie, Kelowna, B. C.:—"We didn't know how much we used the Guide until last week, when you had your holidays and you didn't issue, and then we noticed how much we missed it. There are not many Watfordites in this part of the country. Miss Annie Andrews came to live here last week and Mrs. Meikle (Agnes Smith) and Mrs. McKenzie and myself complete the bunch. If you people knew this Okanagan Valley here would soon be half of Lambton County trying to sell out and come to live here. You heard, no doubt, that the Kelowna apples, a carload of Jonathans, scored the nearest to perfection of any apples in the world, and scored on color, size, texture and flavor too."

Twenty-five cents will pay for the Guide-Advocate until Jan. 1st, 1913.

## Toronto.

The receipts of live stock on Tuesday were 52 carloads—739 cattle, 703 hogs, 1276 sheep and lambs, 145 calves, with 12 horses.

The demand for heavy cattle was very slack all day, and sellers experienced much difficulty in getting rid of their offerings, the market closing before they were able to make a clearance. The best export cattle were considered 10c to 15c lower than on Monday. Choice, handy-weight butchers' cattle held steady, and in some instances sold 10c higher.

Weighty, unfinished steers, such as are generally bought for Montreal, were fully 10c to 15c lower, and hard to sell.

There were only two buyers from outside points, and they both came from Hamilton.

Export cattle, choice.....	\$ 7 00 to	\$ 7 75
