NOTE AND COMMENT

J. Lockie Wilson, Superintendent of Agricultural Fairs in Ontario, in a recent address, contrasted country life as found to-day with that of yesterday. "The farmer is more isolated than ever," he said. "Rural mail delivery has tended to take away the best bit of social life that was left—going to the postoffice for the mail. Farms have been losing their boys and girls because of the difference in the social life of city and country. And they are going to lose many more," he added. "It will take more than one generation to stem the tide that is leaving the farm homes of Ontario unpeopled." Mr. Wilson declared that field crop competitions have been the greatest factor in agricultural progress in Ontario.

A POCKET PHONE

The Berlin police have a new device that promises a revolution in telephone arrangements, when it shall come into general use. The pocket-phone as now used enables members of the force to communicate with headquarters at any time and from almost any point in the city.

A Pill for Brain Workers.—The man who works with his brain is more liable to derangement of the digestive system than the man who works with his hands, because the one calls upon his nervous energy while the other applies only his muscular strength. Brain fog begets irregularities of the stomach and liver, and the best remedy that can be used is Parnelee's Vegetable Pills. They are specially compounded for such cases and all those who use them can certify to their superior power.

streets of the city, with a readiness impossible to the older forms of police telephones. Each officer—including the women detectives—carries a tiny instrument, practically a microphone, which he can take from his pocket and hang upon any one of the many weather-tight and fool-proof terminals, and communicate readily with headquarters. The instrument is practical and works efficiently, and there is no reason why it should not be adopted to many uses. Its exceeding simplicity commends it, certainly, for it is vastly different from the huge, unsightly boxes, containing ordinary telephones, with which our cities are decorated. The pocket instrument takes little more space than an ordinary watch would occupy and weighs next to nothing.

People Have Faith in Advertised Goods

Advertised goods of standard make are the most salable goods. The public looks on them as something with a fixed and tangible value. People reason that if a manufacturer is willing to spend money in advertising he has by that token faith in himself. They know that all the advertising in the world will not make them keep on buying an article unless it has merit—and they know that the manufacturer is figuring on the Repeat Sales for his profits. A local dealer who pushes the goods a manufacturer is making known through the columns of the local newspaper is moving with the tide of demand. He is swimming down stream and the going gets easier as he moves along. The public follows the man who gives it what it wants when it wants it.

That Weak Back

accompanied by pain here or there—extreme nervousness—sleeplessness—may be faint spells—or spasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering from that change into middle life which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and medicine prescribed for just such cases by a physician of vast experience in the diseases of women.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c. per bottle. Take Hall's Family Pills for constipation.

A coon was discovered in a partly hollow log that was being sawed at McKillop's mill, West Lorne last week. The coon was frozen stiff and after being taken from the log was carelessly thrown down the sawdust chute which leads to the fire hole. Nothing more was thought of the incident until Mr. Coon reappeared upstairs in the mill after he had thawed out in the furnace room.

The Oil for the Farmer.—A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds or croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house. m
