-The Temperance League of Sydney pro-pose to supplement Scott Act Inspector Cumming's salary with the sum of \$250 yearly, and also to raise a subscription to pay all his expense in connection with his trials. S. A. Self-Denial Anticipating their week of Self-Denial (May 26th to June 1st), local salvationists are buzy collecting for the fond, which it is hoped will exceed the \$23,034.00 raised by a similar effort in 1900. If its always a pertinent question—"Where des the money go to?" At one time we be-lieve this fund was devoted almost exclusive-ly to the extension of foreign missions and copening up of new countries, but this is no longer the case, for the greater part of the amount raised is spent in this country itself. This is as it should be. The Salvation Army is doing splendid work in its Industrial Homes, Rescue and Maternity Homes, Mais' and Women's Shelters, established in differ-ent centres in North America, while, the world over, the Army has about 500 similar refugee for the fallen and destitute. The enthnisiasm with which Salvationists themselves enter into the Self Denial Week is remarkable, and it would probably be hard to be not set the mitor who has not.

--Prospecting the iron ore beds of Tor-trock and west of that point has been car-tried on continuously for several months, and many thousands of dollars have been spent in determining the extent and quality of the iron deposits.

remarkable, and it would probably be hard o find a wearer of the uniform who has not, to find a wearer of the uniform who has not, in addition to pecuniary sacrifice, denied himselfsome luxary or partial necessity of food or clothing by way of discipline. The Self-Denial Fund is considerably augmented by assistance from outside friends, far and near, and we are confident this worthy effort will not be forgotten by those who are in a posi-tion to admist.

PERSONAL PARAGRAPHS.

Miss Lida Slocum returned from Spring-field on Monday. Fred Harris, E.q., Town Clerk of Annacolis, was in town yesterday.
