A CHEAP FARM

Owing to the exchange rate between Canada and the United States, an American farmer recently purchased a farm at Prince Albert, Sask., which cost him absolutely nothing; he had sold his farm in Iowa for \$300 an acre, and on his arrival at Prince Albert found that the existing rate of exchange gave him \$345 for every \$300 he brought over. In that district he found a farm that pleased him at \$45 an acre, and after completing his purchase, had exactly the same amount of money in hand for which he sold his farm in Iowa, and possessing a fine Canadian farm. He has written to his friends in the States, and claims that his experience is liable to induce a great many more mid western Americans farmers to take up land in Western Canada.

DELICATE GIRLS MADE STRONG

Rich, Red Blood Needed to Keep Up Their Vitality

If growing girls are to become well developed, healthy women their blood supply must be carefully watched. Mothers should not ignore their unsettled moods or the various troubles that tell of approaching womanhood. It should be constantly borne in mind that pale, bloodless girls need plenty of nourishment, plenty of sleep and regular open air exercise. But a lack of appetite, and tired, aching limbs tend to hinder progress. To save the weak, thin blooded sufferer she must have new, rich, red blood and nothing meets a case of this kind so well as Dr. Williams' Pink Pills. These pills not only enrich and increase the blood supply, they help the appetite and aid digestion thus promptly restoring health and strength and transforming anaemic girls and women into cheerful happy people. Among the thousands who have obtained new health and strength through the use of Dr. Williams' Pink Pills is Miss Violet Booth, Glenora, Ont., who says: "For a long time I was in a badly run down condition. I was pale, breathless at the least exertion, and could hardly do any household work without stopping to rest. I often had severe headaches and my appetite was poor and flake, and I would get up in the morning without feeling the least bit rested. I had tried several medicines, but did not get benefit from anything until I began the use of Dr. Williams' Pink Pills. When I had taken two boxes I could see an improvement, and after using six boxes I found my health fully restored. I feel altogether different since I used the pills that I strongly advise them for all weak, run down people."

If you are weak or ailing in any way, avail yourself at once of the splendid home treatment which Dr. Williams' Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville.
