

**CUTLER'S
POCKET INHALER**
AND
Carbolate of Iodine Inhalants.

A Remedy for all NASAL, THROAT and LUNG Diseases, affording relief in some cases in a few minutes.

This instrument is gotten up on an entirely new principle, and is well adapted to the treatment of all those diseases of the air passages requiring efficient inhalation. It is endorsed by many leading practitioners, and commends itself to all desiring an apparatus.

Dr. George Hadley, Professor of Chemistry and Pharmacy in the University of Buffalo, in a carefully considered report upon its merits, concludes in these words :—

“On the whole, this Inhaler seems to me to accomplish its purposes, by novel, yet by the most simple and effectual means; to be philosophical in conception, and well carried out in the execution.”

Always ready, no danger of breaking or spilling, besides being as safe and efficient in the hands of the novice as the adept. Made of Hard Rubber, it may be carried about the person as handily as a pencil case, and used regardless of time or place. Patented in the United States, England, and Canada. Over 50,000 now in use in this country.

Price \$2, including Inhalant for two months' use. Neatly put up and sent by mail free, on receipt of price. Extra bottles of Inhalant, 50c. Liberal discount to the trade. Kept by all druggists. Send your address and receive our descriptive circular, post-paid.

THE ANATOMIST.

One of the most remarkable

PICTURES

exhibited at the Centennial, in Philadelphia, was

“The Anatomist,”

By Prof. G. MAX.

The Anatomist is seated before a table laden with crania, books and instruments; in front of him is his subject, stretched on a trestle-board, covered with a sheet. He has just drawn this from the face, which he is thoughtfully contemplating. It is that of a woman, young and fair. A wealth of golden hair lies in disorder around the pallid features. It is a masterly delineation, full of noble thought. The desire to obtain copies was so general that

MR. R. BERENDSOHN,

Of 48 Nassau St., New York,

has had a very accurate and beautiful etching of this remarkable picture executed on copper.
