The third number of the Financial Quarterly and Stock Exchange Diary, issued by the British American Bank Note Company, Toronto, has made its appearance. It is for the three months, July-September, and contains the usual list of useful features. In addition, there is an interesting account, illustrated by some beautifully reproduced photographs, of the Northern Ontario mining region from the pen of Mr. Henry Dalby. In a short review on the outlook, the editor remarks that the best sign of the times to-day in Canada from a business point of view is the increased activity in the freight car department of the Grand Trunk and Canadian Pacific Railways. He considers that the greatest problem for Canadian statesmanship for some years will be that of providing adequate transportation facilities between Western Canada and the markets of Europe.

Mr. J. A. McFarlane, A.I.A., who for the past six years has been connected with the actuarial department of the North American Life, has been appointed actuary of the Monarch Life Assurance Company of Winnipeg.
